E6 PLUS LABEL CUTTER

## (SERVO MOTOR - SPEED 1500MM/S. WITH VACCUM SUCTION)

PARAMETERS

Model Number	E6 PLUS
Mainboard	High speed CPU,Optimal **SERVO SYSTEM**
Media Way	Auto Feeder
Max Cutting Area	483*330mm
Cutting Method	Kiss cut+Full cut+Dotted cut, creasing and drawing
Media Hold Method	Double pinch roller+Vacuum suction
Blade/Pen Type	Single cutting head
Max Cutting Speed	1500mm/s **SERVO SYSTEM**
Control Panel	4.3inch Full Colorful touch screen
Driver	X-DC high power **SERVO MOTOR** Y-DC high power **SERVO MOTOR**
Camera Positioning Speed	4s
Cutting Force	5-1000g (adjustable)
Mechanical Precision	0.025 mm
Interface	USB/U disk/Ethernet port/Wifi optional
Working Power	150W
Cutting media types	Self-adhensive, cardboard, coated paper, PVC, PET, Kraft paper etc
Package Dimension	880*720*580mm
Gross Weight	66kg
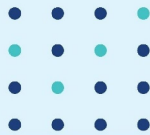

HIGHLIGHT FEATURES

> With double pinch roller & adsorption for holding sheet, ensure the good cutting performance with twice cutting speed.

> QR code working system for positioning, cut a mixed different files continuously.

> 4.3 inches full colorful touch screen, smooth click performance.

> With CCD Camera scanning, it's more sensitive for QR code and mark positioning.

> Just one key to calibrate the offset of camera.

> Single cutting head design, kiss cut/full cut both available

> Auto feed sheet in different size continuously: A4, A3, A3 Plus and customized size.

> Enlarge paper feeding tray: Max hold 200 sheets in one time;

> With Repeat function: One cutting file can repeat 2000 times continuously.

> Smart sheet sensor in the feeding tray. Stop feeder rolling if no material in the tray.

> Multi connection interfaces: Ethernet port / USB / U disk / WIFI, Online/Offline working both available

> Enlarge Rubber feeding roller with big power, thick sheet feeding smoothly also.

> Auto ccd camera contour cutting function, available cut any shapes of printed sheet.

> Faster sheet feeding speed, just 0.5s for one sheet feeding.

> Compatibe software: Adobe illustrator/Coreldraw plug-in/ Signmaster/Sure cuts A lot.

> Internal storage: 128M for storing cutting files..
