Zalak Minerals is a globally oriented mineral processing and trading company, established in the year 2013 and headquartered in Mahisagar Lunawada, Gujarat, India. With a strong foundation in quality, reliability, and ethical business practices, the company has steadily built a reputable presence in the international minerals and construction materials market.

We specialize in the manufacturing, exporting, supplying, and trading of premium-grade Pebble Stones, Silica Sand, Gravel Stones, and Quartz Marble Chips. Our products are widely used across landscaping, construction, water filtration, infrastructure, and decorative applications. Each material is carefully sourced and processed to meet stringent quality specifications, ensuring uniformity, durability, and superior performance.

At Zalak Minerals, we operate with well-equipped processing facilities and implement strict quality control measures at every stage—from raw material selection and grading to washing, sizing, and packaging. Our adherence to international quality standards enables us to deliver consistent products that meet diverse customer requirements across global markets.

With a robust logistics and supply chain network, we serve clients worldwide, catering to importers, distributors, contractors, and industrial buyers. Our ability to manage bulk volumes, customized packaging, and timely deliveries has helped us build long-term relationships across multiple countries.

Driven by a commitment to customer satisfaction and continuous improvement, Zalak Minerals focuses on sustainable sourcing practices and operational efficiency. Our mission is to deliver high-quality mineral solutions that add lasting value to our clients' projects while fostering trust, transparency, and long-term business partnerships globally.
