where purity meets authenticity, and every jar tells a story of untouched nature. Our journey begins deep in the lush, untouched jungles of Himachal Pradesh and Jammu & Kashmir

sabir.taib11@gmail.com

Welcome to Beelixir Honey Pvt Ltd, where purity meets authenticity, and every jar tells a story of untouched nature. Our journey begins deep in the lush, untouched jungles of Himachal Pradesh and Jammu & Kashmir, where wild bees craft nectar from over 1,000 medicinal plants growing in their natural habitat. Unlike mass-produced honey, our product is sourced ethically and sustainably—directly from wild beehives. No commercial beekeeping. No harm to bees. Just nature's gift, collected responsibly by skilled local harvesters.

Pure, Untouched, Lab-Certified**Sugar-Free:**

Naturally sweet, with no added sugar or adulteration.

Preservative-Free:

Untouched by chemicals, retaining its raw goodness.

Nutrient-Rich:

Full of natural enzymes, antioxidants, and essential nutrients.

Our Mission

At JK Jungle Honey, our mission is to bring you a taste of untouched wilderness while promoting health, authenticity, and sustainability. We honor nature's process, ensuring each jar is a reflection of purity, quality, and care

Gift of Nature, Honey Packs Gift of Love

Egg : Choosing the right plants for your garden is crucial.

Larva : Choosing the right plants for your garden is crucial.

Pupa : Choosing the right plants for your garden is crucial.

Adult Bee : Choosing the right plants for your garden is crucial.
