Ativeer Enterprises, established in 2017, is a reputed manufacturer, exporter, and supplier of premium natural stone products, headquartered in Kota, Rajasthan, India. Located in one of India's most prominent stone-processing regions, the company specializes in high-quality sandstone, serving customers worldwide with a strong commitment to excellence, durability, and aesthetic value.

Our core product range includes Raj Blend Sandstone and Kandla Grey Sandstone, known globally for their natural beauty, strength, and weather resistance. These stones are widely used in landscaping, paving, flooring, wall cladding, and architectural applications. Processed using advanced cutting and finishing techniques, our sandstone products offer consistent quality, precise dimensions, and superior surface finishes to meet diverse project requirements.

At Ativeer Enterprises, quality assurance is integral to our operations. From careful selection of raw stone blocks to processing, finishing, and packaging, every stage follows stringent quality control procedures. Our products comply with international standards, ensuring long-lasting performance and customer satisfaction across residential, commercial, and infrastructure projects.

We serve a broad clientele including importers, distributors, contractors, architects, and developers. Backed by efficient logistics and export documentation capabilities, we ensure timely deliveries and reliable service to global markets.

Driven by integrity, professionalism, and continuous improvement, Ativeer Enterprises aims to be a trusted global supplier of natural sandstone. Our focus remains on delivering premium stone solutions that combine natural elegance, strength, and value, building long-term partnerships across international markets.
