Vasi Ahamed is the revered CEO of the company who has been the inspiration behind our transparent business ethics with the clients. The followings are some of the salient features of the company that set it apart in the market.

Resources

The company has sound support of all kinds of resources to successfully meet the increasing demand of our products. A robust infrastructure, well furnished warehousing facility, effective distribution system etc. are some of the attributes us distinguishing from the competitors

Quality Management

We are guided by a set of stringent quality control policy. According to this, all our products are fully tested on different chemical and physical parameters before they are supplied in the market. This is done to ensure that only the best products reaches in the hands of our valued clients.

Network

With our well organized network that is spread all over India, we have been able spread our business in every nook and corner of the country. We have a very strong distribution network in South India especially Tamil Nadu. Furthermore, we have been able to win the goodwill of a larger number of clients through our products and services in a very short span of time. Our customer centric attitude is well reflected in the repeated order placed by our valued clients. Consequently, we are reckoned as one of the major Wholesale Nuts & Bolts distributors in the market. Besides, we are also the most credible Metal Washers Supplier in India.

Warehousing and Packaging

We have installed a highly commodious warehousing and packaging facility at our premises. It is managed by a team of experienced logistics personnel. Outfitted with all the requisite material handling tools, this unit is compartmentalized into various sections, in order to facilitate easy identification of the products.
