## An Ultimate Tissue Brand

Velvet Skie is a paper based manufacturing startup, we are put together for manufacturing and branding of bio degradable paper products like facial tissue, napkin, kitchen roll, Toilet roll etc. We prioritise in quality, hence our aim is to produce and distribute the best quality paper products to our customers. Its our privilege to customise our products as per the client requirements with best quality available in the market.

- Velvet Skie manufactures high-quality biodegradable paper products.
- The company prioritizes excellence to ensure the best quality for customers.
- It offers product customization to meet client-specific requirements.

## We Provide quality More Than Just Tissue Paper

Velvet Skie is an ISO-certified paper-based manufacturing company committed to producing high-quality, biodegradable paper products, including facial tissues, napkins, kitchen rolls, and toilet rolls. Our certification ensures that we meet strict international standards for quality and sustainability, delivering products that are both safe and eco-friendly. With a strong focus on customer satisfaction, we also offer customizable solutions to meet diverse client needs.

As part of our growth journey, we have expanded into international markets, exporting to countries like Africa while strengthening our distribution networks. In 2025, we took a significant step forward by partnering with Amazon, making our products more accessible world-wide. With continuous innovation, strict quality control, and a commitment to excellence, Velvet Skie aims to redefine the paper industry with sustainable, high-quality solutions.
