

100% Natural | Certified Biodegradable | Chemical-Free | EU Compliant | FSSAI Certified | HSN: 4601 90 90

Vijaita Enterprise is a trusted Indian exporter of premium areca leaf tableware, supplying buyers across **Europe, USA, Middle East, Australia** and South-East Asia. Our plates are crafted from **naturally shed areca palm sheaths** — no trees harmed, no chemicals used. Every plate is UV-sterilized, hydraulic heat-pressed, and manually inspected before export-grade packing.

### WHY ARECA LEAF PLATES? — The Sustainable Choice

| Areca Leaf Plate ✓                 | Plastic / Paper Plate ✗                  |
|------------------------------------|------------------------------------------|
| 100% Natural — zero chemicals      | Made with toxic plasticizers / bleach    |
| Biodegrades in 6–8 weeks           | Plastic: 500+ years; Paper: 5+ years     |
| No trees cut — fallen sheaths used | Paper plates cause deforestation         |
| Heat-resistant up to 120°C         | Paper gets soggy; plastic warps          |
| Premium natural aesthetic          | Generic, low perceived value             |
| Enriches soil when composted       | Creates landfill / microplastics         |
| EU food-safe & globally compliant  | Facing bans across EU, UK, India, Canada |
