About Vijaita Enterprise

Vijaita Enterprise is an India-based manufacturer and exporter of premium-grade coconut shell charcoal briquettes. Our products are derived from 100% natural coconut shell waste, making them an eco-friendly, sustainable alternative to wood charcoal. We supply to buyers across the Middle East, Europe, North America, and Asia-Pacific regions.

100% Natural

Coconut shell waste — no additives, no chemicals

Export Ready

FCL & LCL shipments, custom packing available

Private Label

Custom sizes, branding & packaging accepted

Why Coconut Shell Charcoal?

Coconut shell charcoal briquettes are increasingly preferred by buyers worldwide over conventional wood or bamboo charcoal for the following reasons:

Parameter	Advantage
Fixed Carbon	75–85% — Significantly higher than wood charcoal (60–70%)
Ash Content	2–3% — One of the lowest in the industry
Smoke Output	Near-zero smoke — ideal for indoor use (hookah, restaurant)
Odour	Neutral / odourless — does not alter food or shisha flavour
Burning Time	2–3 hours — 2× longer than conventional charcoal
Eco-Friendly	Made from coconut shell waste — sustainable & renewable

Our Product Range

PRODUCT 01 Shisha / Hookah Coconut Charcoal Cubes

Premium flat-top cubes engineered for consistent heat and long sessions in hookah / shisha use.

TECHNICAL SPECIFICATIONS

Shape	Flat-top cube
Sizes Available	25×25×25 mm, 26 mm, 27 mm
Fixed Carbon	75–85%
Ash Content	2–3%
Moisture	< 5%
Burning Time	2–3 hours
Ignition Time	Approx. 8–10 min
Packaging	1 kg / 3 kg / 10 kg retail; 20 kg master carton

KEY FEATURES

- ✓ Zero smoke — no effect on shisha flavour
- ✓ Uniform heat distribution throughout session
- ✓ Low ash residue — easy tray cleaning
- ✓ Suitable for natural lighting (no chemicals)

TARGET MARKETS

- Middle East (UAE, Saudi Arabia, Kuwait, Qatar)
- Europe (Germany, Netherlands, UK, Poland)
- USA & Canada
- South East Asia

PRODUCT 02 BBQ / Grilling Coconut Charcoal Briquettes

High-performance pillow and oval briquettes delivering long-lasting, high heat for outdoor grilling.

TECHNICAL SPECIFICATIONS

Shapes Available	Pillow, Oval, Cube
Fixed Carbon	75–82%
Ash Content	2–4%
Moisture	< 5%
Burning Time	2.5–3.5 hours
Heat Output	High / Consistent
Smoke	Very low
Packaging	2 kg / 5 kg / 10 kg bags; bulk sacks

KEY FEATURES

- ✓ High calorific value — faster, hotter grill
- ✓ Long burn time — fewer refueling stops
- ✓ Low smoke — cleaner outdoor cooking
- ✓ No chemical smell — natural charcoal taste
- ✓ Consistent briquette size for even cooking

TARGET MARKETS

- USA (outdoor BBQ market)
- Europe (Germany, France, UK)
- Australia / New Zealand
- Middle East (outdoor grilling)

PRODUCT 03 Hexagonal Coconut Charcoal Briquettes

Pillar-shaped briquettes with central airflow hole for rapid ignition and uniform burn performance.

TECHNICAL SPECIFICATIONS

Shape	Hexagonal with central hole
Common Sizes	35×35 mm, 40×40 mm
Fixed Carbon	75–85%
Ash Content	2–3%
Moisture	< 5%
Burning Time	2–3 hours
Airflow	Enhanced (central hole)
Packaging	1 kg / 3 kg; 20 kg master carton

KEY FEATURES

- ✓ Central hole improves oxygen flow for faster lighting
- ✓ Uniform cylindrical shape = even, predictable heat
- ✓ Ideal for tabletop grills and small braziers
- ✓ Stackable — efficient packing and storage

TARGET MARKETS

- South Korea (tabletop BBQ culture)
- Japan (yakitori, izakaya grills)
- Middle East (majlis / coffee culture)
- Taiwan, Hong Kong, Singapore

PRODUCT 04 Restaurant Grade Coconut Charcoal Briquettes

Professional-grade briquettes formulated for high-volume commercial kitchens, hotels, and catering operations.

TECHNICAL SPECIFICATIONS

Shape	Pillow / Cube / Custom
Fixed Carbon	78–85%
Ash Content	< 2.5%
Moisture	< 4%
Burning Time	3–4 hours
Heat Output	Very High / Stable
Smoke	Minimal
MOQ	1×20' FCL (~20 MT)

KEY FEATURES

- ✓ Ultra-low ash — minimal downtime during service
- ✓ Consistent heat for high-volume professional cooking
- ✓ Odourless — does not compromise food quality
- ✓ Long burning time reduces charcoal consumption cost
- ✓ Suitable for open flame, yakitori, and teppanyaki

TARGET MARKETS

- Hotels & Resorts (worldwide)
- Restaurant chains (Middle East, Europe)
- Outdoor catering companies
- Cloud kitchen operators (Asia-Pacific)

💡 Preferred by F&B procurement teams for cost-per-hour efficiency.

PRODUCT 05 Private Label / OEM Coconut Charcoal Briquettes

Custom-manufactured briquettes with your brand — ideal for distributors, retailers, and trading companies.

TECHNICAL SPECIFICATIONS

Shapes	Any (cube, pillow, hex, finger)
Sizes	Fully customisable
Packaging	Buyer-branded bags/boxes
Labels	Your logo, your language
Min. Order Qty	1×20' FCL (negotiable)
Lead Time	3–5 weeks from order
Certifications	Available on request
Samples	Available before order

KEY FEATURES

- ✓ Flexible shape, size, and spec to buyer requirement
- ✓ Full private label — your brand on every pack
- ✓ Retail-ready or bulk packaging options
- ✓ Quality inspection & pre-shipment samples provided
- ✓ Long-term supply partnership preferred

TARGET MARKETS

- Distributors & importers worldwide
- Retail supermarket chains
- E-commerce sellers (Amazon, Noon, etc.)
- Wholesale trading companies

💡 Ideal for building your own branded charcoal line without manufacturing investment.
