QVC EXPORTS LTD.

QVC EXPORTS LTD.

QVC EXPORTS LTD.

QVC Exports LTD is a leading B2B export company in India, specializing in the global supply of ferro alloys and industrial raw materials for the steel and foundry industry. With a strong presence in international markets, QVC Group has established itself as a reliable commodity trading company delivering consistent quality, competitive pricing, and timely shipments.

As a trusted ferro alloys exporter, QVC Group deals in Silico Manganese, Ferro Manganese, Ferro Silicon, Ferro chrome. The company serves a wide network of steel manufacturers, Supplier infrastructure companies, and industrial buyers across India, America, Europe, Middle East & Asia..

Backed by a strategically located manufacturing unit in Durgapur, West Bengal, QVC Group ensures seamless integration of production, sourcing, and global distribution. This enables better supply chain control, cost efficiency, and bulk order fulfillment for international clients.

With a focus on quality assurance, ethical business practices, and long-term partnerships, QVC Group has become a preferred global supplier of industrial raw materials. Its export-driven model supports large-scale procurement needs while maintaining flexibility for customized requirements.

If you are looking for a dependable B2B exporter of ferro alloys and metals from India, QVC Group stands as a strong partner for sustainable and scalable business growth.

HIGH CARBON FERRO CHROME

Business Type : Manufacturer, Exporter,
Supplier

Material : Ferro Chrome

HSN Code : 72024100

Lump Size : 10-150mm

Elements : High Carbon, Medium Carbon,
Low Carbon

Chromium % : 60-65%

Silicon % : 1.5-4%

LOW CARBON FERRO CHROME

Business Type : Manufacturer, Exporter,
Supplier

HSN Code : 72024100

Lump Size : 10-150mm

Elements : Low Carbon

Chromium % : 70-75%

Silicon % : 1.50% Max

Carbon % : 0.10% Max

Sulphur % : 0.02% Max

Phos % : 0.03% Max

MEDIUM CARBON FERRO CHROME

Business Type : Manufacturer, Exporter,
Supplier

HSN Code : 72024900

Lump Size : 10-150mm

Elements : Medium Carbon

Chromium % : 60% Minimum

Silicon % : 1.50% Max

Carbon % : 0.10% Max

Sulphur % : 0.04% Max

HIGH CARBON FERRO MANGANESE

Business Type : Manufacturer, Exporter,
Supplier

Material : Ferro Manganese

HSN Code : 72021100

Lump Size : 10-150mm

Elements : High Carbon

Mn % : 65-76%

Silicon % : 1.5-2.0%

Carbon % : 6-8%

LOW CARBON FERRO MANGANESE

Business Type : Manufacturer, Exporter,
Supplier

Material : Ferro Manganese

HSN Code : 72021900

Lump Size : 10-150mm

Elements : Low Carbon

Mn % : 70-78%

Silicon % : 1% Max

Carbon % : 0.5% Ma

MEDIUM CARBON FERRO MANGANESE

Business Type : Manufacturer, Exporter,
Supplier

HSN Code : 72021900

Lump Size : 10-150mm

Elements : Medium Carbon

Mn % : 75-78%

Silicon % : 2% Max

Carbon % : 2% Max

Sulphur % : 0.05% Max

HIGH CARBON FERRO SILICON MANGANESE

Business Type : Manufacturer, Exporter,
Supplier

Material : Ferro Silicon Manganese

HSN Code : 72023000

Lump Size : 10-150mm

Elements : High Carbon

Mn % : 40-65 % Min

Silicon % : 10-16% Min

Carbon % : 2.0%-3.5% Max

LOW CARBON FERRO SILICON MANGANESE

Business Type : Manufacturer, Exporter,
Supplier

Material : Ferro Silicon Manganese

HSN Code : 72023000

Lump Size : 10-150mm

Elements Low Carbon

Mn % : 55-60%

Silicon % : 25-30%

Carbon % : 0.10% Max

MEDIUM CARBON FERRO SILICON MANGANESE

Business Type : Manufacturer, Exporter,
Supplier

Material : Ferro Silicon Manganese

HSN Code : 72023000

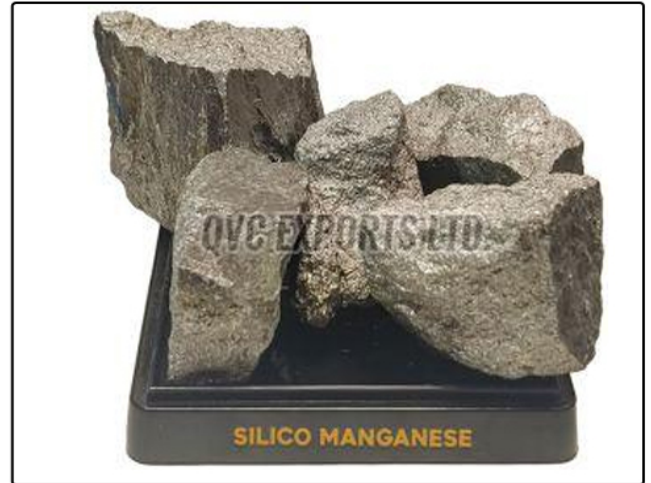

Lump Size : 10-150mm

Elements : Medium Carbon

Mn % : 55-58%

Silicon % : 22-25%

Carbon % : 0.5% Max

HIGH CARBON FERRO SILICON

Business Type : Manufacturer, Exporter,
Supplier

Material : Ferro Silicon

Aluminium % : 1.50% Max

Phos % : 0.05% Max

Carbon % : 0.2% Max

Sulphur % : 0.05% Max

HSN Code : 72022100
