ABOUT US

Established in 2021, Charbhuja International is a trusted Manufacturer, Exporter, And Supplier of premium natural stone products, delivering high-quality architectural and landscaping stone solutions to domestic and international markets. Under the visionary leadership of Mr. Yogesh Sharma, the company has built a strong reputation for excellence, reliability, and product consistency in the natural stone industry.

We specialize in a diverse range of natural stone products including Cobblestones, Sandstone Paving, Limestone Products, Slate Stone, Wall Cladding, Crazy Paving Stones, Steps & Coping Stones, Landscape Stones, Stone Blocks, And Wooden Packaging Solutions. Our product collection is widely appreciated for durability, elegant finishes, dimensional accuracy, weather resistance, and suitability for both residential and commercial applications.

At Charbhuja International, we focus on combining traditional craftsmanship with modern processing techniques to deliver products that meet global quality standards. Our infrastructure and sourcing capabilities enable us to offer customized sizes, finishes, and bulk quantities as per client requirements.

As an export-focused organization, we are committed to timely delivery, transparent business practices, competitive pricing, and long-term client relationships. Our dedicated team ensures strict quality checks at every stage, from raw material selection to final dispatch, ensuring superior customer satisfaction.

Driven by innovation and customer-centric values, Charbhuja International continues to expand its presence in the global natural stone market by offering dependable products for landscaping, paving, flooring, cladding, and architectural enhancement. Our mission is to provide durable, aesthetically appealing, and value-driven stone solutions that enhance every project with timeless natural beauty.
