

V G PLASTECH

Welcome to V G Plastech, your trusted source for high-quality horticultural and gardening products. Founded in the year 2005 by Mr. Kalpesh Ambaliya, our company is proud to be a leading manufacturer and exporter of a wide range of gardening essentials.

About Us

Welcome to V G Plastech, your trusted source for high-quality horticultural and gardening products. Founded in the year 2005 by Mr. Kalpesh Ambaliya, our company is proud to be a leading manufacturer and exporter of a wide range of gardening essentials. With our headquarters located in the vibrant city of Surat, Gujarat, we have been serving the needs of gardening enthusiasts, nurseries, and agricultural businesses both domestically and internationally.

OUR VISION

At V G Plastech, our vision is to foster a green and sustainable world. We believe in the power of plants to enrich our lives, and we are committed to providing innovative and eco-friendly solutions to nurture and protect them. Our products are designed with a deep understanding of the needs of both professional growers and gardening enthusiasts.

COMMITMENT TO QUALITY

Quality is at the heart of our business. We take immense pride in manufacturing products that are not only durable and functional but also environmentally responsible. Our team of skilled professionals adheres to stringent quality control measures to ensure that every product that bears the V G Plastech name meets the highest industry standards.

CUSTOMER-CENTRIC APPROACH

At V G Plastech, we are dedicated to understanding and meeting the unique needs of our customers. Our customer-centric approach has earned us a reputation for outstanding service and reliability. We value the relationships we have built with our clients and partners over the years and look forward to continuing to serve them with excellence.

Whether you are a professional grower, a passionate gardener, or a distributor looking for reliable horticultural products, V G Plastech welcomes you to join us in nurturing the beauty and vitality of plants. Together, we can contribute to a greener and more sustainable world.
