Our Legacy

With A Legacy Spanning Over 100 Years

SP Pulses stands as a symbol of trust, quality, and enduring commitment in the pulses industry—built across generations and strengthened with time.

The Beginning of Legacy

Our journey began in the local markets with the establishment of M/s Chatar Singh Ganpat Singh, founded by Mr. Prithviraj Jamad along with co-founder Mr. Bheru Singh Jamad. This marked the foundation of our deep-rooted presence in the traditional pulses trade, where values of integrity and quality were first established.

Expanding Horizons

In 1962, the legacy progressed with the establishment of M/s Shanti Kumar Pukraj, founded by Mr. Bheru Singh Jamad and co-founded by Mr. Shanti Kumar Jamad. During this phase, the business expanded to the state level, strengthening its market presence and reputation for consistent quality.

From India to the World

Carrying this heritage forward, M/s S P Pulses was established in 2013 by Mr. Shanti Kumar Jamad, with Mr. Ayush Jamad as co-founder. This marked our expansion to the national level, integrating traditional expertise with modern practices to serve a broader market across India. Today, we are entering a new chapter—emerging in the global marketplace, committed to delivering the same legacy of trust and excellence to international buyers.

Food Grade Products

Polished Moong

Purity 99% Minimum	Protein Content 24g per 100g	Shelf Life 12 – 18 Months
Moisture Content Max 12%	Broken Grains Max 2%	Foreign Matter Nil
Admixture Max 1%	Pack Sizes Available 25kg, 50kg, Custom	

SP Pulses Polished Moong is sourced directly from trusted farms across India and processed under strict quality controls. Each grain is machine-cleaned, stone-free, and naturally polished to give you the finest moong — retaining its full nutrition, natural colour, and rich taste in every pack.

Unpolished Moong

Purity 99% Minimum	Protein Content 24g per 100g	Shelf Life 12 – 18 Months
Moisture Content Max 12%	Broken Grains Max 2%	Foreign Matter Nil
Admixture Max 1%	Pack Sizes Available 25kg, 50kg, Custom	

SP Pulses Unpolished Moong is sourced directly from premium farms and processed with minimal intervention to retain its natural goodness. Unlike polished variants, this moong is free from any artificial processing, preserving its original texture, earthy flavour, and complete nutritional value — making it a healthier choice for everyday consumption.

Food Grade Products

Moong Farm Grade

Purity 99% Minimum	Protein Content 24g per 100g	Shelf Life 12 – 18 Months
Moisture Content Max 12%	Broken Grains Max 2%	Foreign Matter Nil
Admixture Max 1%	Pack Sizes Available 25kg, 50kg, Custom	

SP Pulses Moong Farm Grade is unprocessed whole green moong harvested straight from trusted farms across Rajasthan, Madhya Pradesh, and Maharashtra. The grain is basic-cleaned to remove loose field debris while fully preserving its natural green colour, husk texture, and seed vitality. This is the raw material of choice for pulse mills, dal processors, sprouting units, and large-scale commodity traders who need genuine farm-origin quality at competitive bulk pricing.

Polished Yellow Moong

Purity 99% Minimum	Protein Content 24g per 100g	Shelf Life 12 – 18 Months
Moisture Content Max 12%	Broken Grains Max 2%	Foreign Matter Nil
Admixture Max 1%	Pack Sizes Available 25kg, 50kg, Custom	

SP Pulses Polished Yellow Moong is made from high-quality whole moong that is carefully dehusked and split to deliver a soft, quick-cooking dal. Known for its mild flavour and smooth texture, this dal is hygienically processed, machine-cleaned, and polished to ensure purity, consistency, and superior taste in every serving.
