About Us

Riddhi Siddhi Export — Fancy Designer Fabric Manufacturer, Surat

Based in Surat, the textile capital of India, Riddhi Siddhi Export is a manufacturer and exporter of premium fancy designer fabrics. We translate the latest global fashion trends into high-quality fabrics designed for womenswear, ethnic wear, and contemporary fashion markets.

Our collections span a versatile range of bases — georgette, chiffon, organza, satin, crepe and more — finished with intricate prints, embroidery, sequins and value-added detailing that set our fabrics apart. Every metre is produced under strict quality control, combining modern manufacturing capability with the craftsmanship Surat is known for.

We supply to wholesalers, garment manufacturers, and fashion houses across India and around the world, offering consistent quality, reliable lead times, and the flexibility to handle both bulk orders and custom/private-label production.

At Riddhi Siddhi Export, our focus is simple: trend-driven design, premium quality, and dependable global supply.
