

RAMNATH EXPORT

Quality • Reliability • Global Reach

Company Brochure

Gujarat, India

ABOUT US

Ramnath Export is a Gujarat-based export house specializing in the sourcing, processing, and international supply of Isabgol (psyllium husk) and Makhana (fox nuts). Rooted in one of India's most established agri-trading regions, we connect trusted local suppliers with global buyers who demand consistency, purity, and reliability.

Our focus is simple: build long-term partnerships by delivering a natural product with uncompromising quality, backed by careful sourcing and transparent trade practices.

OUR PRODUCTS

- Isabgol Husk (Psyllium Husk) — whole and select grades
- Isabgol Husk Powder — fine and coarse mesh options
- Isabgol Seeds — cleaned and graded
- Makhana (Fox Nuts) — premium roasted and raw grades
- Makhana — sorted by size (Special, Jumbo, King, and mixed grades)

Our isabgol is sourced from the growing regions of Gujarat, known for premium isabgol cultivation, while our makhana is sourced from trusted growing regions of India, known for their quality fox nut harvests. All products are processed and graded to meet international food, pharmaceutical, and nutraceutical standards.

WHY CHOOSE RAMNATH EXPORT

- Direct sourcing relationships with growers
- Consistent quality control from farm to shipment
- Competitive, transparent pricing for export volumes
- Reliable logistics and documentation for international trade
- A partner invested in long-term business relationships, not one-off deals

OUR COMMITMENT

We understand that buyers of isabgol and makhana — whether in pharmaceuticals, food processing, nutraceuticals, or retail — depend on a product that performs the same way, shipment after shipment. Ramnath Export is built around that reliability, with sourcing and quality checks designed to protect the integrity of every batch we export.
