● Round Steel Bars

For those in search of Round Steel Bars, here is the perfect destination to look for these. We specialize in offering Round Steel Bars, which find use in diverse industrial applications. These Round Steel Bars are widely appreciated for their dimensional accuracy. Moreover, the Round Steel Bars are quality tested to ensure reliable performance for long.

Application Areas Of Round Steel Bars

- ✓ Cement and Construction
- ✓ Sugar Mills
- ✓ Chemicals
- ✓ Pumps and Petrochemicals
- ✓ Paper Industry

The Following Table represents size Range, Product standards and material Grades of Round Steel Bars.

● Steel Flanges

We offer Steel Flanges, which are an ideal option for meeting diverse industrial requirements. These Steel Flanges conform to the set quality standards and are ensured of their high durability. The reason behind these Steel Flanges to be highly preferred is their precision designing. We provide Steel Flanges at the most competitive prices that too as per the specific requirements of the clients

Properties

- ✓ Superior chemical resistance
- ✓ High strength
- ✓ Excellent toughness
- ✓ Long life

• Steel Pipes & Tubes

We make available Steel Pipes & Tubes as per the specific requirements of the clients at the market leading prices. Being sourced from the most reliable vendors, these Steel Pipes & Tubes are assured of their fabrication using high-grade steel. Moreover, these Steel Pipes & Tubes are tested for quality against several parameters.

Attributes Of Steel Pipes & Tubes

- ✓ Unmatched durability
- ✓ High reliability
- ✓ Precision engineered
- ✓ Cost effective

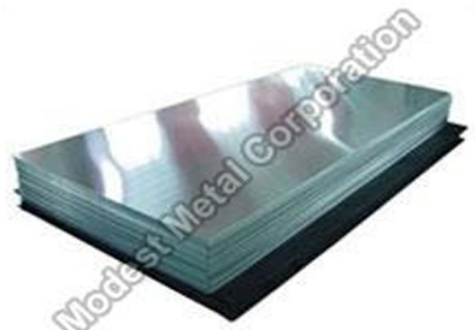

• Steel Sheets and Plates

We bring forth a wide range of Steel Sheets and Plates in different specifications as per the requirements of the clients. These Steel Sheets and Plates are fabricated by our reliable vendors using superior stainless steel. Steel Sheets and Plates are widely used in Structural, Mechanical and Engineering applications.

Highlights Of Steel Sheets and Plates

- ✓ Resistant to heavy weights
- ✓ High pressure resistant
- ✓ Reliable functionality
- ✓ Long life

The Following Table Represents Size Range, Product Standards and Material Grades of Sheet and Plates.

WIRE ROD COILS

We are one of the prominent Wire Rod Coils Exporters & Suppliers. We supply Wire Rod Coils that are made using premium quality steel. Our Wire Rod Coils are in huge demand and ISI Certified. Wire Rod Coils offered by us, find application in steel products and wire drawings. Our Wire Rod Coils are reasonably priced.

Attributes

- ✓ Precisely engineered
- ✓ Abrasion resistant
- ✓ Accurate dimensions
- ✓ Durable

The Following Table Represents Size Range, Product Standards and Material Grades of Sheet and Plates.

METAL FASTENERS

We are successfully operating as Exporters and Suppliers of Metal Fasteners, which are acknowledged for their high tensile strength. We assure that these Metal Fasteners, sourced from trusted the vendors, are fabricated using superior quality parts and components. Moreover, our team of experts is well-versed with different quality parameters against which, these Metal Fasteners are regularly tested to ensure hassle-free operations for long.

Highlights Of Metal Fasteners

- ✓ Corrosion resistant
- ✓ Sturdy
- ✓ Durable
- ✓ Reasonable pricing

The Following Table Represents Size Range, Product Standards and Specifications of Metal Fasteners.

BUTTWELD PIPE FITTINGS

We are operating as a Exporter and Supplier of the finest quality Buttweld Pipe Fittings, which find use in diverse industrial applications. These Buttweld Pipe Fittings are obtained from the most reliable vendors in the industry who assure their fabrication using the finest quality materials. Buttweld Pipe Fittings, we offer, are appreciated for efficiently preventing fluid leakage.

Why Our Buttweld Pipe Fittings? Details

- ✓ Precised design
- ✓ Rust and heat resistant
- ✓ Sturdy construction
- ✓ Long lasting
- ✓ Name : L / R & S / R elbow, tee, concentric and eccentric reducers. Reducing elbow & tee, cross, caps etc.
- ✓ Standard : ISO, ANSI / ASME, MSS, JIS, DIN, BS etc.
- ✓ Materials : Carbon steel & stainless steel
- ✓ Size range : 1 / 2" to 48"
- ✓ Thickness : STD XS, XXS.SCH10, 20, 30, 40, 60, 80, 160 ET
