

## COLUMN BASED ICU BED WITH Embedded Panels

One touch key for cardiac chair, auto CPR and emergency head down

Motorised backrest, knee rest, height adjustment, auto contour, trendelenburg and reverse trendelenburg

Separate wired handset control for patients and attendant with lock out switches on attendant control panel

Dual side manually operated CPR Lever

Calf Elevation/DVT Platform

Polymer moulded split type safety side rails (2 sets)

Easily removable polymer moulded head & foot panels

Four corner safety rubber buffers of 100 mm diameter

125 mm diameter twin wheel high grade synthetic body castors with unidirectional and central locking mechanism

Inbuilt SMPS

Integrated urine bag holder

Built-in bed extension

Single section premium mattress

Mattress arrester (6 nos.)

Battery backup

## Fully Motorized Bed With Digital Weighing Scale

Digital weighing scale

Embedded panels on either side of front railings for caregivers and patients

Cardiac chair, emergency head down, Auto CPR

Motorized backrest, Knee rest, height adjustment, trendelenburg & reverse trendelenburg

Dual side manually operated CPR lever

Angle indicator for backrest, trendelenburg & reverse trendelenburg

Full length polymer moulded split type safety side rails

Polymer moulded head and foot panels, easily removable without using any tools

Four corner safety rubber buffers

Inbuilt SMPS

Easily removable polypropylene 5 section mattress top

Urine bag holder

SS heavy duty IV pole

## Fully Motorized Comfort Bed

One touch key for cardiac chair, auto CPR

Motorized backrest, Kneerest, height adjustment, trendelenburg & reverse trendelenburg

Dual side manually operated CPR

Angle indicator for backrest, trendelenburg & reverse trendelenburg

Full length polymer moulded split type safety side rails

Polymer moulded head and foot panels, easily removable without using any tools

Four corner safety rubber buffer

nbuilt SMPS

Easily removable polypropylene 5 section mattress top

Urine bag holder

SS heavy duty IV pole

## Fully Motorized Comfort Bed

One touch key for Cardiac chair, auto CPR

Motorised backrest, kneerest, height adjustment, Trendelenburg & Reverse Trendelenburg

Dual side manually operated CPR

Angle indicator for backrest, Trendelenburg & Reverse Trendelenburg

Full length polymer moulded split type safety side rails

Polymer moulded head & foot panels, easily removable without using any tools

Four corner safety rubber buffers

Inbuilt SMPS

Four section metallic perforated top

Urine bag holder

SS heavy duty IV pole

## Fully Motorized Bed

One touch key for Cardiac chair, auto CPR

Motorised backrest, kneerest, height adjustment, Trendelenburg & Reverse Trendelenburg

Wired handset control for patient and attendant

Dual side manually operated CPR

Angle indicator for backrest, Trendelenburg & Reverse Trendelenburg

Full length polymer moulded split type safety side rails

Polymer moulded head & foot panels, easily removable without using any tools

Four corner safety rubber buffers

Four section metallic perforated top

125 mm diameter single wheel high grade synthetic body castors with diagonal locking mechanism

Inbuilt SMPS

100 mm thick four section mattress

SS heavy duty IV pole

## Motorized Gynecology Examination Couch

Motorised backrest, height adjustment

Manually operated pelvic tilt

User friendly wired handset control

Easily removable lithotomy crutches with cover (pair)

Easily removable plastic pan

Integrated hand grips

Integrated paper roll holder

Battery backup

## Motorized Multi Treatment Chairs

Motorised backrest, height adjustment and trendelenburg

Pair of removable, adjustable armrest with back & forth sideways and up-down movements

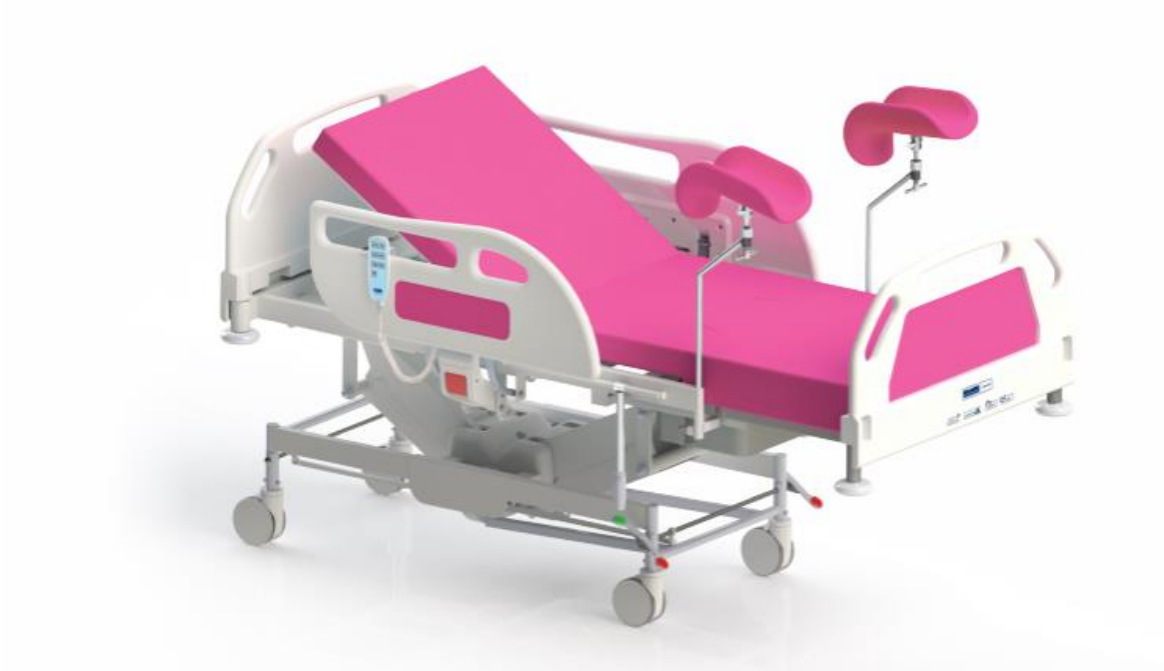

Cardiac chair, and emergency head down position available

125 mm diameter twin wheel high grade synthetic body castors with central locking mechanism

Wired handset control

Battery Backup

## Motorized Delivery Bed

Motorised backrest, height adjustment, trendelenburg & reverse trendelenburg

Wired handset control for patients

Polymer moulded split type safety side rails

Easily removable polymer moulded head & foot panels

Four corner safety rubber buffers

1125 mm diameter high grade synthetic body castors with central & directional locking mechanism

Aluminium lithotomy crutches mounted on stainless steel poles (one pair)

Removable stainless steel tray

Three section mattress with pink colour laminate

Dust protective base cover

Battery backup

Telescopic IV pole

## Revolving Stool

Tubular quadrapod based with SS revolving top with fixed cushion of 65 mm (2.5") thickness

Height adjustable

Legs fitted with PVC shoes

Tubular construction

Ring for footrest

Pre-treated and powder coated finish

## Monitor Trolley Modular

Adjustable SS rails between top shelf and drawer

Drawers are available with lock and key mechanism

Suitable for keeping light source, camera unit, VCR, printer, stabilizer etc.

Five MS shelves

Aesthetically designed vertical uprights of aluminum extrusion

Four 125 mm diameter single wheel synthetic body castors, two with brake and two without brake

Stainless steel IV pole and gas cylinder cage

Two stainless steel push handles

## Crash Cart Modular

### Cardiac Massage Board

Four drawers with common locking

Polycarbonate partition plates for top drawer and second drawer

Provision for two SS detachable top shelves, one without lid and one with multi-coloured removable bins at eye level along with IV pole with single hook

Four 125 mm diameter single wheel synthetic body castors, two with brake and two without brake

Safety buffer at four corners

File/ Chart holder

Trash cart (one no.)

Catheter holder (two nos.)

Oxygen cylinder tray

Provision for DE-Fib tray

## Trauma Care emergency recovery Stretcher Trolley

Height adjustment by hydraulic pump with foot pedal on both sides

Gas spring assisted manual backrest adjustment

TR/RTR operation by hydraulic pump with foot pedal on both sides

SS fully collapsible safety side railings, pair

Interchangeable SS safety board and push handles on both head and leg end

SS heavy duty IV pole with 2 hooks

200 mm diameter single wheel castor with central locking mechanism, operational from all four sides

Four corner safety buffer of 100 mm diameter

Oxygen cylinder cage

Safety belts, pair

SS heavy duty IV pole with 2 hooks

200 mm diameter single wheel castor with central locking mechanism, operational from all four sides

Four corner safety buffer of 100 mm diameter

Oxygen cylinder cage

Safety belts, pair

## Cardiac Table

Two sectional laminated top with railing on fixed section. Raised edge on one side on tiltable section

Aluminium extruded telescopic section fitted with gas spring for height adjustment

Mild steel rectangular tubular base frame mounted on four swivel synthetic body castors, 50 mm castors, two with brakes and two without brakes

Pre-treated and powder coated finish

Supplied in KDC
