Innovation & Reliability

About Us

Orbital established in 1985, is an ISO 9001:2015 certified company which builds quality into their products.

We are the pioneers in the manufacturing of Riveting Machines having started 35 years back as an export substituted product to save valuable foreign exchange for the country. Subsequently, we designed and manufactured the complete range of Riveting Machines namely Spin Riveting, Radial Riveting, Automatic Rivet Feed Riveting Machines and now, the latest technology of Servo Riveting.

To this basket, we further added other export substituted products like Globoidal Indexing Table, Screw Tightening Machines which are required for Industrial Automation. With complete range of Automation solutions available with Orbital, we have successfully installed various Assembly Lines for the Automotive and the Electrical Industries which has helped the industry to increase productivity and save manpower.

Our workforce consists of experts, who put their best efforts to deliver equipment with world class quality. Apart from this, our professionals keep themselves updated with the latest development.
