Established in the year 2001 at Cherthala in Kerala, Southern Mineral Industries is one of the well known Manufacturers and Suppliers of Washed Silica Sand. Under the capable guidance of the Partner Mr. Santhosh P. Prabhakar, we hold a position of prominence in this domain. The hard work put in by the company is one of the reasons for the success and growth of the company. We wish to continue the hard work and keep on improving as the time progresses.

Infrastructure

The company has a well maintained infrastructural set up that has contributed significantly in the successful completion of the client orders. The company has various departments that work in tandem to ensure the smooth working and the use of the latest machinery and the modern tools and equipment ensures the production of a flawless range of Washed Silica Sand.

Why Us?

The following points highlight the credentials of the company :

- Well spread and efficient network
- Client centric approach
- Timely delivery of consignments
- Robust infrastructure
- Affordable prices

Quality Assurance

We lay stress on the quality of the Washed Silica Sand we deliver. The company runs under the Total Quality Management (TQM) system and the entire production process is under the supervision of the quality analysts. This ensures the production of a zero error Washed Silica Sand.
