ABOUT US

Metal Detector India - Target Innovations, an ISO 9001:2000 Certified Company, was set up in the year 2001 in Vasco Da Gama (Goa). Mr. Rajesh K. Gopinath, the experienced Owner of the enterprise, has consistently put in his best efforts to take the company to the sky-scraping heights in the industry. The company is thus renowned as a famous Metal Detectors Manufacturer, Exporter, and Supplier in India. Our Metal Detectors include Metal Detector For Bakery Industry , Metal Detector For Confectionery Industry, Metal Detector For Food Processing Industry, and Metal Detector For Pharmaceutical Industry.

INFRASTRUCTURE

The company is backed by a high-tech manufacturing unit, which is widely spread over a vast area. This unit is equipped with efficient and modern designing, production, research and development, testing, and other facilities for ensuring cutting-edge Metal Detectors.

TEAM

The company is very well supported by a qualified team of experienced engineers, which dedicatedly works to introduce high-performance Metal Detectors, in compliance with the industrial quality standards. All our team members always follow ethical business practices to gain maximum client satisfaction.

WHY CHOOSE US?

Owing to the following reasons, the company has marked prominence for itself in the industry :

- Unmatched Metal Detectors
- Advanced infrastructure
- Testing facilities
- Experienced team
- Competitive prices

Furthermore, our Metal Detectors are delivered to the clients within stipulated timeframe.
