Moreover, we promise that range of products that we offer is manufactured using absolutely supreme quality plastic while making use of sophisticated technology as per set quality standards.

By working under the able guidance of a trusted leader, Mr. Pankaj Aghara, Pankaj Plastic has attained a reliable market position. The company is headquartered at Ahmedabad, Gujarat and was started in 2007.

### CLIENT SATISFACTION

The ultimate objective for which we work is to attain maximum client satisfaction. The clients express their customized requirements and with the assistance of a reliable team, we accomplish the same in the most professional manner. Also, our team members are given regular trainings to adopt new technologies and incorporate the same.

### OUR INFRASTRUCTURE

We have installed a well-maintained infrastructure, wherein all modern machines and equipment are fitted. In addition to this, we dedicatedly make use of the latest technology so as to remain at a competitive market position. This allows us to bring perfectly tailored products as per client expectations.

### WHY US?

What makes us stand out among others working in similar domains is the fact that we never give up on the quality that we offer? Specified below are the reasons that make us stand out:

- No compromise on quality
- Rust proof end product
- Use of supreme quality plastic as raw-material
- Customized packaging facility

### Nylon Cable Gland

In order to make available high quality product range, we make use of the finest grade raw material that is sourced from the trusted places after complete assurance of the quality. We have massive & well-organized warehouse, divided into specific areas in order to automate inbound, outbound & in-stock operations, due to which we are capable of making quick deliveries in the less time. Owing to the years of industrial knowledge, we have been able to serve our esteemed clients with a broad variety of Nylon Cable Gland. Our well trained experts manufacture this cable gland using the most excellent quality nylon material and the latest technology in sync with the set industry norms. Offered cable gland is widely demanded in different sectors, made available in many specifications and at industry leading price. Features Sturdiness Optimum strength Crack resistance

### Plastic Injection Moulding Die

We keep a stern check on the payment procedures that we sternly follow and apart from this, we make a completely secured database that lists all the payments made & clients' details. Rest assured us for the payments, as we use leading technologies for the same. Quality control is a huge part of our company and we make sure, all our products are quality assured and trustworthy. With the extensive knowledge & experience in this respective domain, we are engaged in offering high quality Plastic Injection Moulding Die. Our product is widely demanded in the market for its excellent features. This product is manufactured in sync with the international quality norms. We offer this high quality product in diverse sizes and specifications so as to meet the broad needs of clients. Features Dimensional accuracy Optimum strength High durability

### Plastic PG Cable Gland

Clients can rely on us for meticulous packaging of the products. And, for attaining this objective, we have hired a team of professionals who make use of premium material & modern packaging tools for doing the same. Serialization is done before the final packaging & storing of the products in our capacious warehouse. We keep the products separated to ensure rapid delivery in the committed time span. Backed by rich industry experience, we are engaged in offering a wide gamut of Plastic PG Cable Gland. Designed by utilizing high grade raw material, this cable gland is best suited for its usage in various conditions. Offered cable gland is precisely manufactured with the help of ultra-modern technology. We provide this cable gland in various specifications at market leading price to the clients. Features High strength Compact design Flawless finish

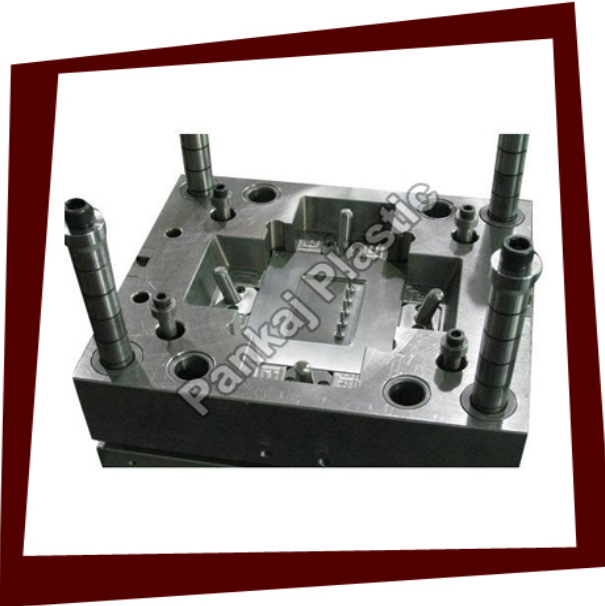

### PPFR PG Cable Gland

Our well-structured warehouse is properly maintained and installed with diverse amenities required for the safe storage of the products. Moreover, we keep on updating the unit for enhanced safety. Our fast and modern transit facilities enable us to deliver the orders within the stipulated time frame.
