

# Bharti Enterprise

Bharti Enterprise was incorporated in 1979 with a vision to serve the Indian automotive industry as a single manufacturing source, supplying the outdo quality material at the militant rates. In present our network is spread over more than 4 countries and we are supplying our material to many OEMs of auto acme companies.

**NATURE OF BUSINESS**  
MANUFACTURER,  
EXPORTER & SUPPLIER

**NUMBER OF EMPLOYEES**  
UPTO 10 PEOPLE

**ESTABLISHMENT YEAR**  
1979

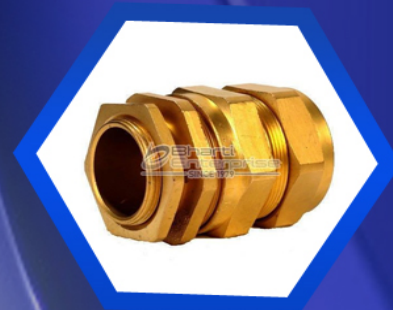

**MARKET COVERED**  
GLOBALLY

**COMPANY FOUNDER**  
MR. P.C GORI

**GST NO**  
24AFAPG4010K1Z2

Bharti Enterprise was incorporated in 1979 with a vision to serve the Indian automotive industry as a single manufacturing source, supplying the outdo quality material at the militant rates. In present our network is spread over more than 4 countries and we are supplying our material to many OEMs of auto acme companies.

We serve more than 8 industries like Automotive, Electrical, Heavy Industries, Plastic Molding, Computer & Peripherals, Fiber optic equipments etc. having expertise in developing brass and copper turned components as per client's requirements.

Bharti Enterprise has huge setup and facilities to make a wide range of brass precision turned & forged components. We have carved out our own niche in manufacturing brass precision components by continue beef up and make a cut in field of manufacturing brass precision turned components. Our product range is extended with every order, because our manufacture is specifically focused on your wishes and requirements.

To us, being a supplier means more than just manufacturing parts. Our work begins much earlier than that. Reliability of quality and supply is our alpha and omega. Production and supply should go hand in hand and that's why we believe in just in time delivery. Our products are used in many industries.

### ∴ Our Product Range ∴

Our product range is extended with every order, because our manufacture is specifically focused on your wishes and requirements. To us, being a supplier means more than just manufacturing parts. Our work begins much earlier than that. Reliability of quality and supply is our alpha and omega. Production and supply should go hand in hand and that's why we believe in just in time delivery. Our products are used in many industries like :

- Automotive
- Electronics & Electrical Equipment
- Home & Building Appliances
- Testing Equipment
- Tele Communication
- Plastic Moulding
- Pharmaceutical Equipment
- Sanitary Fittings
- Fibre Optic Equipment
- Utility Meters
- Computer & Peripherals
- Gas Stove Parts
- Agriculture Components

### Our Team

We have the well trained team of highly expert engineers taking care of every small dimensions and assuring best quality material, we believe in one piece material check system to avoid grievances in supply and maintaining regular QC at various stages of product manufacturing.

- Managers
- Engineers
- Supervisors
- Skilled labour
- Unskilled labour
