Our Services

Air Ambulance Services

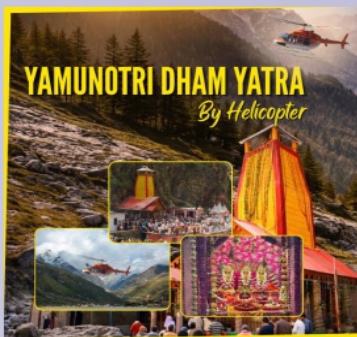

We at Patliputra Air Charter are highly immersed in offering medical air ambulance services in Delhi. Our company is a safe, experienced and dependable medical air ambulance service provider that offers a variety of Indian medical air ambulance services for the valued customers. The provided services are for patients in need of basic life support, advanced life support, or critical care. Most of the time, patients are not well enough to travel on a commercial flight. Unlike other helicopters, our aircraft are built exclusively for transporting emergency victims. Our air ambulance aircraft are able to transport critically injured or sick patients from all over the country back to their destination of choice. Our air ambulance aircraft are capable of flying from smaller airports that are nearest to hospitals, thus minimizing transport time. Get in touch with us to avail the provided air ambulance services at a budget-friendly cost.
