Bio Fuels Industries

Welcome to the world of **Tpran Bio Fuels Industries**, the much accorded sustainable Bio Fuel Company in the world. We are a reputed Manufacturer and Supplier of Biomass Briquettes. Briquettes are used as a renewable and domestic fuel for diesel engines. The Briquettes we are providing are smokeless, easily lit, odorless, non toxic and of high calorific value. Our aim is to provide the Bio Fuel at reasonable prices, and render a faster delivery service.

Based in Ratlam (Madhya Pradesh), **Tpran Bio Fuels Industries** was set up in the year 2012 as a producer and wholesaler of Biomass Briquettes. We pursue completely client friendly policies and ethical business strategies without allowing our clients to face any grievances.

Infrastructure

The company has assembled a collection of latest equipment and facilities for the production of high calorific Biomass Briquettes. We ensure that the overall infrastructural setup is in accordance with the changing market trends. We constantly upgrade the working facilities and equipment.

Team

The company owes a lot to the services of an adroit team of professionals that works with utmost dedication and sincerity, so as to ensure a better-than-the-best range of Biomass Briquettes. We conduct periodical training sessions for our employees.

Major Market

Our range of Bio Fuel is on high demand in the following states of India :

- Gujarat
- MP
- Rajasthan
