Sea View Agro Products Private Limited takes pride to introduce itself as a Packer and Exporter of different kinds of Agro-based products like Indian Pulses, Non-Basmati Rice (Long Grain & Medium Grain), Small Grain Aromatic Rice, 100 % Broken Rice, 1121 Basmati Sella Rice, Besan Flour and Frozen Food (Veg.)

We source the products directly from the farmers and either process on our own or from our Tied up food processing units under the strict and direct supervision of our experts. Further, our quality and quantity get cleared by SGS India while exporting to our buyers.

We pack our products in "Ahaaaa" brand, and export to our valued customers. We are certified by various Govt. Agencies and offering products that are processed under controlled environment and using modern but eco-friendly work methods.

Though incorporated in 2015, Sea View Agro Products Private Limited kicked off recently in a well-designed manner and is growing well under the leadership of Mr. Asis Adhikari. He serves the company as its Chief Executive Officer (CEO) and oversees our company operations with a professional approach. The company is based in East-Medinipur (City -Kolkata, West Bengal, India).

PROFESSIONAL EXCELLENCE

At Sea View Agro Products Private Limited, we lay special emphasis on our work methods and continuously strive to evolve them to deliver the best to the buyers. We have set up an in-house quality monitoring Team those who are committed to deliver right quality material from manufacturing Zone and satisfy finally SGS India during Export process. We are committed in delivering nothing short of the best quality products which are truly, nutritional, healthy and tasty. In order to meet the ever-changing market demands, we offer our branded product in the international market.
