ABOUT US

**Established
in the year 1955,**

V.A.S. Palappa Nadar Sons is a pioneering name amongst the Common Salt Manufacturers, Suppliers and Exporters in Tamil Nadu, India. We offer a wide variety of salts, which includes Raw Sea Salt, Iodized Refine Salt, Refined Salt, Table Salt, Free Flow Salt, Sea Salt, Edible Salt and Cooking Salt.

Our team has immense knowledge about the traditional as well as new-age production processes of making salt. We make use of the best of both worlds and produce an unmatched quality. Our manufacturing is backed by a sound infrastructure that enables us to maintain the quality standards. We also have a robust logistics system for delivering the products to different destinations in a safe and timely manner.

The company is headed by Mr. P. Vijayarajan & Mr. P. Grahamusam, who have been the guiding light and a strong source of motivation for the entire team. With our vast industrial background and a drive to optimally satisfy our customers, we have managed to retain our leading position in the market. We work with a mission to consistently improve in terms of our product quality and our supply services. Thus, we have created a loyal clientele base for ourselves and continue to add more names on that list.
