# ABOUT US

**XHARDO – Precision. Performance. Perfection.**

XHARDO by Divine Composites Private Limited is a next-generation premium calibrated plywood, crafted for those who value unmatched accuracy, strength, and surface excellence. Since 2007, Divine Composites has been at the forefront of engineered wood innovation — and XHARDO is the brand's benchmark of precision.

Manufactured using cutting-edge calibration technology, XHARDO plywood undergoes a meticulous process to achieve uniform thickness and a perfectly smooth surface. This ensures hassle-free lamination, seamless finishes, and superior bonding — making it the first choice for high-end furniture, modular interiors, and architectural applications.

Engineered from select hardwoods and bonded with advanced resins, XHARDO offers exceptional dimensional stability, termite resistance, and long-term durability.

With XHARDO, every panel is a promise — of consistency, craftsmanship, and class.
