About Us

VSA Machines India is based in Hyderabad, Telangana and we cater mainly to customers in India and African countries. Our company came into existence in the year 2012 and since, we have been thriving under the guidance of **Mr. Sreekanth** (Director).

Production Unit

We proudly boast of establishing a fully equipped production facility spread over 12000 square feet of land. Our state-of-the-art unit is endowed with ultramodern machines and the latest technologies that empower us to meet bulk requirements with ease. some of the machines we have are :

Plano Milling Machine

- Jig Boring Machine
- Horizontal Boring Machine
- Sheet metal cutting machine
- Sheet metal bending machine
- Lathe machine
- Slotting machine
- Welding machine
- Buffing machine

Individually Tailored Solutions

Our company understands each customer has unique requirements. Thus, we offer individually tailored solutions. Here are the aspects on which customization is possible :

- Grade of material
- Capacity
- Style
- Design
- Shape
- Size
- Finish
- Color

Quality

Our entire range of Bakery Equipment is fabricated by strictly adhering to internationally accepted quality standards. We use superior grade raw materials such as metals, chemicals, spare parts etc. Once a batch of equipment is ready, a sample of it is subjected to technical tests at our in-house facility as well as third party testing lab. Thus, we determine structural stability, dimensional accuracy, endurance, durability etc. before dispatching them for sale.
