

G H TRADERS

Based in Batala, Punjab, **G H TRADERS** has grown tremendously owing to the efforts of our team members. We aim to serve our customers with passion while growing consistently, and excelling in the domain ethically.

About Us

Based in Batala, Punjab, G H TRADERS has grown tremendously owing to the efforts of our team members. We aim to serve our customers with passion while growing consistently, and excelling in the domain ethically.

What we Deliver ?

Carbon Black Powder: This is a fine powder produced by the incomplete combustion of heavy petroleum products. It has various industrial applications, such as in the manufacturing of tires, plastics, and as a pigment in inks and paints.

Biomass Pellets: Biomass pellets are a type of renewable energy derived from organic materials, such as wood, agricultural residues, or other biological sources. These pellets can be used for heating or power generation.

Paddy Straw Pellets: Pellets made from paddy straw, an agricultural residue left after harvesting rice. These pellets can be used as a biofuel or as a feedstock for various applications.

We provide the installation service for the UTL solar products.

Our Team

Team Profiles: Feature profiles or introductions of key team members on our website or promotional materials. Highlight their skills, expertise, and dedication to showcase the strength of our team.

Customer Success Stories: Share success stories that emphasize how our team's collaboration with clients has led to positive outcomes. This can build credibility and demonstrate our commitment to customer satisfaction.

Customer Feedback: Collect and showcase customer feedback that specifically mentions the professionalism and collaboration of our team. Positive testimonials can be powerful marketing tools.
