About US

Poddar Industries

Poddar Industries is an ISO 9001:2008 certified Manufacturer, Supplier and Exporter of Ceiling Fans and Table Fan. We strictly follow international standards while manufacturing our products. We manufacture our products by using the best quality raw materials and under strict supervision of quality controllers. With the assistance of our team, we have a dominating place in the domestic and international markets. We offer products to our clients at competitive prices.

We offer a wide range of Decorative Ceiling Fan, which is one of its kind and is known in the market for its durability. This makes us stand as one of the best Ceiling Fans Manufacturers in India. Our Ceiling Fans components like blades, motors, etc. are of standard quality, procured from the established vendors the market. Our range of Ceiling Fan is available in different designs, colors and provided with gloss finishes that add grace to the decor of the surroundings.

Based in Secunderabad (Andhra Pradesh, India), the company came into existence in the year of 2004. The company is efficiently working under the supervision and guidance of Mr. Vinod Poddar (Proprietor), who has rich experience of over two decades in setting up electrical ceiling fans manufacturing units.

Our Team :

Team associated with us comprises of highly competent and qualified professionals. Our experts are efficient enough to embody newest technology and innovative ideas in our range of fans. Their continuous efforts make us to bring forth improvised and more efficient products on regular basis.

Infrastructural Unit :

We have developed a sound infrastructural setup consisting of manufacturing unit, testing lab and others. The manufacturing unit is equipped with high-end spheroidal automatic winding machines, press machines, compressors that make us to develop flawless products. Further, we have design our testing lab as per ISI standards which enables us to conduct rigorous test on our product range.

Why Us?

We run our business on ethical and fair business practices. We also strive for continuous improvement and ensure customer's delight. The art of capturing ideas into objects of beauty and desire is something that is unmatched and unrevealed. Our diverse variety of fans is sought to match different colors in order to improve the interiors beauty. Our firm has vast industry experience and complete knowledge about fans which help to deliver international standard product which attain utmost customer satisfaction. We offer our fans in both decorative and non-decorative varieties as per the requirements of clients.
