

## QUALITY POLICY

At Quantum Drugs & Chemicals, total customer satisfaction is our primary objective. In support of this, it is our Quality Policy to:

- ✓ Adopt a quality-in-all-we-do philosophy and recognize each employee's responsibility for quality.
- ✓ Work with our suppliers and sub-contractors to assure their products and services meet the same high standard that we set for ourselves.
- ✓ Stimulate employee awareness, interest and participation in the company business through training.
- ✓ Provide products / services which meet or exceed customer specifications.
- ✓ Business is conducted in compliance with applicable quality regulatory, codes and standards.

Management will assure that the resources of people, programs, investments, leadership and training to achieve the total quality are followed.
