Viral fabrics Provide custom digital Fabrics printing services on Polyester, Cotton, Viscose, Pure Silk, Modal, Lycra, Rayon and Linen fabrics.

BSY Fabrics

Weight	:	80-180 grams / meter.
Color	:	Multicolor
Pattern	:	Plain & Printed
Pack Type	:	Roll and as per Buyer Requirement
Width	:	56 Inch

These Fabrics yarns are a combination of two yarns of different shrinkages combined to create one composite yarn. During processing, Due to differential shrinkage, the high-shrink component shrinks and the low-shrink component comes out of the fabric as micro-loops, giving the fabric excellent texture and handle. This provides the product with a very nice “textured” effect, “peach skin” effect, “brushed” effect. The weight falls in the range of 80-180 grams / meter.

Chiffon Fabrics
