NUKUMI EXIM

ABOUT US

NUKUMI
EXIM
— Connecting Global Markets. —

Nukumi Exim is a dynamic and emerging company established in 2026, engaged in the manufacturing, supplying, and exporting of premium-quality agro and food products. Operating as a sole proprietorship under the leadership of Ms. Meera, the company is committed to delivering excellence through consistency, quality assurance, and customer-focused practices. With a growing presence across the globe, Nukumi Exim is steadily building a reputation as a reliable partner in the agro commodities sector.

Our core strength lies in offering a diverse product portfolio that includes Basmati and Non-Basmati Rice, fresh vegetables, whole spices, spice powders, pulses, oil seeds, edible oils, sweeteners, coconut products, and traditional Indian pickles. We specialize in popular rice varieties such as 1121, 1509, Pusa, Golden Sella, Steam, and Raw Basmati Rice, along with high-demand non-basmati options like IR64, Sona Masuri, and Swarna Rice. Each product is carefully sourced, processed, and packed to maintain freshness, purity, and international quality standards.

At Nukumi Exim, we emphasize strict quality control, hygienic processing, and efficient supply chain management to ensure timely delivery and customer satisfaction. Despite being a young company with a compact team, we leverage strong vendor networks and modern practices to meet bulk and customized requirements with ease. Our commitment to competitive pricing and dependable service makes us a preferred choice for clients across domestic markets.

Driven by a vision to expand globally, Nukumi Exim aims to establish long-term business relationships based on trust, transparency, and performance. We continuously strive to enhance our product range and operational capabilities to cater to evolving market demands, positioning ourselves as a trusted name in the agro export industry.
