Message From The CEO

Heartiest wishes to all!

“One can go to any place in the world in less than a day. There are fewer borders, cultural barriers are falling or being scaled more easily, and technology has caused change upheavals of nature not seen for many centuries. The world is producing and consuming more of almost everything growth is everywhere.”

WELCOME TO OUR NEW UPGRADED WEBSITE KEEPING IN PACE WITH THE FAST CHANGING GLOBAL SCENARIO. WE HOPE YOU FIND OUR SITE EASIER TO BROWSE AND USER-FRIENDLY!

This new look is not only to make you realize our global stand, but also to keep you informed about add-on new products in our basket. We do not believe that our offset presses, is just a machine. It is a tool of thought, information and ideas, inspiring whole new generations.

We at Sahil Graphics have set out to create a firm that sets benchmarks in the offset printing industry. We hope to be different from all the other firms that have set out with a similar goal. So we set down our vision, and some ground rules to achieve these goals. Every new morning star rises on us to innovate something new for the profitability of our customer.

We try hard every day to stick to these principles so that we can serve you better. If there is anything we can do to improve our position, do not hesitate to tell us. We want to be your trusted, preferred and long-term partner.

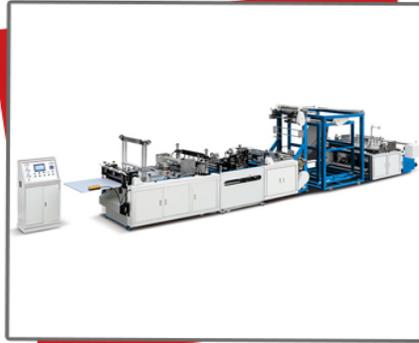

To meet ever-increasing demand we are constantly improving facilities and productivity methods whilst ensuring such development also reduces manufacturing costs. Proof of this policy can be evidenced through our very competitive pricing.

In the coming years, we will be focusing on expanding our businesses internationally. This will demand that our products and services are globally competitive and that our enterprises operate to international standards in terms of quality and customer service. This is an important new phase in our company's growth plans!
