Since its inception in 2003, Med-Aid India has been dedicated to manufacturing, exporting, and supplying high-quality teaching materials for medical, dental, and paramedical colleges. Currently operating from Noida Uttar Pradesh, INDIA, our extensive product range includes Glass Slides, Whole Digital Slide Images, E-Teaching Modules, and more, covering various disciplines such as Pathology, Oral Pathology, Histology, Oral Histology, Cytology, Microbiology, and Hematology.

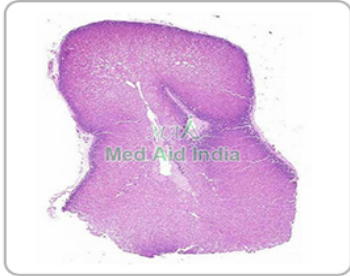

Supported by a sophisticated infrastructure equipped with advanced machinery, our manufacturing unit is segmented into departments like manufacturing, quality testing, R&D, and OEM capability. This setup enables us to meet customer requirements with precision and efficiency. We ensure that our products are packed using quality materials to maintain their integrity during transportation.

Our team comprises skilled professionals who work in close coordination with clients to understand their needs and deliver satisfactory solutions. Under the guidance of Directors Dr. Ratish Chandra and Dr. Mithilesh Chandra, we have achieved remarkable success, driven by their ethical business practices and commitment to client satisfaction.

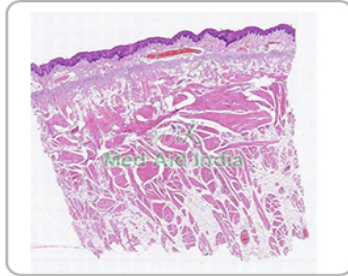

Med-Aid India's vision is to enhance teaching quality in dental, medical, and paramedical colleges by providing superior teaching materials. We aim to equip colleges with high-quality prepared glass slides, digital/virtual slides, and e-teaching modules at nominal rates. Our mission includes promoting e-education in subjects like Histology and Pathology, empowering students for self-learning, and supplying relevant teaching aids for comprehensive education.

Additionally, we offer customized products developed by a skilled team of medical and ICT professionals. Spearheaded by Dr. Mithilesh Chandra, our team ensures stringent quality control and continuous technological advancement. We provide comprehensive solutions, from preparing virtual/digital slides to implementing technology in medical education and presentations. Our expertise extends to telepathology/digital pathology consultation, hosting digital images, and producing e-modules for enhanced learning experiences.

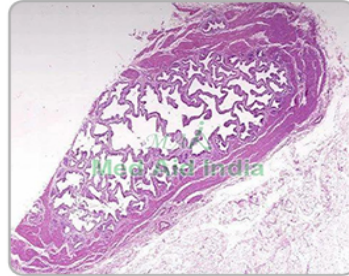

With an impressive clientele comprising prestigious educational institutions in India and abroad, Med-Aid India has established itself as a trusted supplier of teaching materials. We continue to innovate and expand our offerings to meet the evolving needs of the education sector, driven by our core values of quality, integrity, and customer satisfaction.
