

AV AGRO PRODUCT

A V AGRO PRODUCT is a pioneering name in the animal feed, livestock, and agriculture industry of Unnao (Uttar Pradesh). We are counted among the emerging suppliers of protein-rich animal feed like blood meal and meat bone meal. We also specialize in supplying white horn cock as well as hops plant to the nationwide customers. The diverse products, we deal in, are carefully selected so that the delivery of the finest products can be ensured from our end. These products are sourced from reliable sources only, as we firmly believe that the origin of the product is a decisive factor in determining the quality of the final product.

We are an Unnao (Uttar Pradesh) based company, established in the year of 2018 with an aim to delight customers in the domain of agriculture with products like animal feed, livestock, and hops plant.

QUALITY ASSURANCE

Quality is something that forms the backbone of our business operations. Thus, we make sure that the products we deal in are not the only source from the best sources but are handpicked by our veteran quality inspectors. Apart from implementing advanced quality control policies, we do not hesitate in following customary practices in our quest of total quality control.

WHY CHOOSE US

We are a young yet a dynamic company with flair to surpass the norms accepted by the prominent players in the domain of agro product supply.

Our team keeps customers' priority and preferences above anything else to ensure total satisfaction through the delivery of the finest products.
