# ABOUT US

ESSAR EXPORTS is in the business of exporting fresh fruits and vegetables since last one decade. We are a prominent trader, exporter, supplier and sourcing & linking service provider for exporter of Mix Vegetables, Leafy Vegetables and Fruits. We collect our fresh products from our farmer network and store them in a scientific way to retain their freshness and ensure preservation through hygienic processes. Our products come with carbohydrates, minerals, vitamins, protein and all you require for a better health. Because of the premium quality of our agro foods, they are now widely acclaimed all over the world. Our customers are spread over London, Singapore, Bahrain, Doha, Beirut and UAE.

Now we are cultivating Okra, Brinjal, Karela, Dudhi, Curry Leaves, and Chilly in Maharashtra, a prominent vegetable growing region of India. All these vegetables are pesticide free, especially keeping in mind the exports to European market.

In these days, when vegetables are grown with tons of pesticides dumped over them, we have started growing organic produce under our guidance to offer our customers pesticide free vegetables. These agro products are enriched with taste and are full of vitamins and minerals. Hence besides the supreme quality, our products are packed with essential health elements.

In addition, we are governed by sound business ethics and try our best to earn complete customer satisfaction through our products and superlative services.

# INDIAN POMEGRANATES

## Product Fresh Pomegranates

### "BHAGWA" Variety in 3.5 Kg

#### Specifications

Fruit is nearly round and hard and has a leathery shiny skin. The edible portion surrounding the individual seed transforms from deep pink to bright red (April), depending on the time of the year.

Juicy, crunchy seeds, with distinctive protruding flower end.

Outside skin polished and cleaned with soft long hair brush

Size graded with round bars.

#### Size Grading

- Optional per season period few pallets per FCL, 10 mm, 450 gr. and up, (7 cnt)

Inside carton separation in diagonal crossing, 2 x 3 x 2

I) About 15%, 90-100 mm and 350-450 gr. (count 9 by 3.5 kg. crtn)

II) About 35%, 80-90 mm and 275-350 gr. (count 12 by 3.5 kg. crtn)

III) About 50%, 75-80 mm and 200-275 gr. (count 15 by 3.5 kg. crtn)

- Optional, count 18

#### Varieties red coloured pomegranate

Bhgwa red coloured, over all

#### Origin

India: Maharashtra (Middle West India), Andhra Pradesh (South East India), Karnataka (South West India)

#### Harvest

Product is handpicked and immediately forced pre-cooled at 5 degrees C. within 7 hrs after harvesting in a typical pre-cooling system. Plastic Crates are used for the harvesting process.

#### Packaging :

size I to IV,

3,5 kg cartons,  
Size L 40cm, Front 30 cm.  
Height, subject inner-layer and size

Carton type half closed

220 crtn's per pallet

20 pallets per 40 ft reefer

4.400 crtn's per FCL.

In strong coloured corrugated open cartons, consisting of a black inner

layer to ensure separation between pomegranates, to guarantee solid stuffing, with ventilations holes as well the inner layer under the pomegranates with the ventilation holes in the carton bottom. For the three counts, 9-12-15.

Other sizes will be with strong white crossing carton. .

Carton strong enough to carry the whole pallet. The design and quality of the cartons is such that it can be stored on the pallet as one solid block.

4- plastic corner boards vertical, nailed (screwed) on the pallet and to the very top and connected on the top on a horizontal top layer with ventilation holes.

Cartons with minimum 4 air circulation holes in the bottom, placed in such a way to remain open by putting on the pallet.

All bound together with vertical (about 3 straps by the under 4 layers and the rest about every 30 cm, total about 8 straps) and horizontal straps.

#### Palletising

Per pallet, a clear pallet numbered label. A4 size, with thick printed letters and numbers, with the contents of that pallet in accordance with the Packing List

Cartons to be stowed in such a way that product label is easy and clearly visible.

By palletizing one "Pallet Sheet", in the middle and one on the top with ventilation holes and interlockers. To make the pallets solid.
