

PAXSHELL PRIVATE LIMITED
An ISO 9001 & 14001 Company

ABOUT US

“THE ULTIMATE COVER FOR THE FRUIT OF YOUR LABOUR”

Under the leadership of Mr Pravin Mange Since 2003, Packshield Industries has been focusing on providing the highest quality protective Foam packaging, returnable sustainable packaging solutions and Flight cases to help the clients transport their products in a safe, cost-effective and environmentally-friendly way. We are professional world class manufacturer known for being able to come up with innovative solutions when a new product is in development or when a custom product requires special packaging.

From initial discussions through design, testing and prototyping, our sales and engineering teams work with you to understand and meet your requirements. During production and delivery, you'll have access to our friendly and knowledgeable staff, including customer service personnel, at the local facility after the sale.

The same Legacy of Packshield Industries is now Continue to carry out by Paxshell Private Limited under the same leadership and management.

OUR STRENGTH & PROCESS

We have an expertise design team. We also provide budgeting prompt quotes and accurate prototyping. We also see to it that timely deliveries and lead time are achieved by offering Logistical needs and Quality Performance :
