Zoom Scientific World has made its base in Haryana (India) and tremendously grown under the mentorship of the Mr. Sahil Raj Aggarwal (General Manager). We ensure timely delivery across the globe.

● Infrastructure

Over the years, we have built state-of-the-art infrastructure, equipped with the latest machinery to quicken the process of production as well as delivery. We have divided our unit into various segments including R&D unit, processing, quality testing, etc. Owing to this, we are capable of efficiently producing products in large numbers.

● Warehouse

We are strongly backed with a fully equipped warehouse, which is sprawling over a large area. To ensure fast operation during any order, we segregate the huge assortment of products into different sections and store them carefully.

● Our Team

We have a team of hardworking and skilled engineers, who have gained expertise in their domains. Our team members are adept in handling the latest industrial and technological innovation to ensure the best for the customers around the world.
