

ROLLTECH INC

ROLLTECH INC

We, Rolltech Inc, have made a mark as the dependable Authorised Distributor of a wide array of Products. Demanded in various industries, our range of Products is inclusive of Industrial Bearings, Bearing Housing Unit, Bench Vice, Digital Meters, Grease Guns, Grease Pumps, etc. We are also involved in rendering trusted bearing repair and refurbishment, chock repair & refurbishment and gearbox repair & refurbishment services. In accordance with the industry-defined norms & standards, they are manufactured by making use of high-grade basic materials such as stainless steel, etc. and cutting-edge technology. Robust built, high corrosion/rust resistance, dimensional accuracy, perfect finish and durability are some of their highlights.

About US

Excited to start the new online venture, though working since decades in the industrial segments local as well as Global. With dedicated warehouse facilities at each Branch locations and stock of large variety of parts, Rolltech provides you nation-wide availability of quality products and services. Our executives provide cost effective solutions and quick response to your requirements. Also you can find in-depth product details and place your order online or call any of our branch locations or sub-dealers.

When it comes to providing highly engineered products that improve productivity and efficiency for industrial Applications, Rolltech is the most reliable distributor in the industry. Our commitment to customer satisfaction and superior value extends to every area of our business.

Everyday Rolltech is growing because the following groups are directly or indirectly contributing to us.

- Our team
- Our customers
- Our service providers
- Our competitors
- Our principles

We are very clear that if any of the above is not there or we are not creating value for them then we are not growing. What it means when we say we create value is that it's not just limited to commercial savings but it also includes respecting them, attending to and fulfilling the promise given to them on time. Every call, every query, every questions from any of the above group has to be attended and made sure that before they keep down the phone they experience of having been served & been respected. We believe that business not only happens because we are commercially competitive but it also happens because the experience we leave behind. To summarize, our company works to create value not limited only to customer but also for manufacturers, brokers and last but not the least our team which includes various departments. You are an important link in our organization. Your work will directly contribute to the ultimate objective of our company.

Our PRODUCTS

Taper Roller Bearings

Cylindrical Roller Bearings
