

The Best Quality

Salem Steel Industries

Salem Steel Industries is a partnership firm engaged in offering a wide gamut of precisely designed Construction and Fitting Products. We are the responsible and responsive Manufacturer, Exporter and Supplier of Brass Sheet, Industrial Fasteners, Mild Steel Plates, Stainless Steel Dairy Fittings, Stainless Steel Pipe Fittings, Aluminium Products and various others. We import Stainless Steel Products from trusted vendors such as Krupp, Ugine, Acerinox, Acesita, Thrainox, AST (Italy), Columbus S. Steel Sumitomo. We make use of only superior grade raw materials for the fabrication of our entire range of products. Our products are widely demanded in power, petrochemicals, dairy, chemical & agrochemicals, sugar industries, defense, automobile, paper, pulp and many more. Customers can also obtain our products in required specifications and at affordable price.

About Us

Based in Mumbai (Maharashtra, India), **Salem Steel Industries** was established in the year 1992. The company is well managed by the Partners **Mr. Vicky Jain** and **Mr. Mahendra Jain**. We have carved a niche in the global market owing to our experienced R & D department, good financial position & TQM.

Our Infrastructure

We own a state-of-the-art infrastructure based in Mumbai and sectioned into manufacturing unit, quality control unit and R&D unit. All our units are installed with technically advanced machines such as welding, lathe, cutting and shear. We also have an advanced Research and Development department where we conduct different research procedures to create innovative designs and alternative methods of production. Our R&D wing serves two major purposes :

Enhancing quality standards of our range

Building on our infrastructure for optimum utilization of resources

Our Professional Team

Backed by a proficient team of experienced professionals, we are able to meet the expectations of the clients with ease. Our team also conducts the market survey to help understand the clients exact requirements. Members of our team include engineers & technicians, quality controllers, researchers, warehouse personnel and sales & marketing executives.

Quality Assurance

We manufacture our products in accordance to the international standards of quality. We also import the Stainless Steel Products only from renowned vendors to ensure optimum quality. To ensure complete satisfaction of the clients, we follow client centric approach in all our business activities. We test our product on different parameters such as dimensional accuracy, resistance to corrosion, finishing, galvanizing and others.

Why Prefer Us?

We are acknowledged for numerous reasons. Some of them are :

- Team of skilled personnel
- Qualitative range of products
- Ethical Business Practices
- Wide distribution network
- Stringent quality checks
- On time delivery of consignments
- Industry leading prices
- Customization of products
- Time bound deliveries
- Easy payment modes

OUR PRODUCTS

Aluminium Sheet

Material	:	Aluminium
Shape	:	Square
Thickness	:	0.18mm-0.25mm
Color	:	Silver
Width	:	1200mm
Temper	:	H32

Aluminium Round Bar

Material	:	Aluminium
Shape	:	Round
Thickness	:	10-20mm
Application	:	Industrial
Color	:	Silver
Finishing	:	Polished
Dimensions	:	10-100mm
Features	:	Corrosion Proof, Excellent Quality, Fine Finishing

Aluminium Flat Bar

Material	:	Aluminium
Shape	:	Rectangular
Thickness	:	1-100mm
Application	:	Industry
Color	:	Silver
Feature	:	Corrosion Proof, Excellent Quality, Fine Finishing
Technics	:	Forged
Width	:	1-50mm

Stainless Steel Coils

Material	:	Metal
Thickness	:	3-5mm
Length	:	1-20 Feet
Application	:	Automobile Industry
Grade	:	201 Series
Width	:	1-100mm

Stainless Steel Seamless Pipes & Tubes

Material	:	Stainless Steel
Shape	:	Round
Length	:	1-1000mm
Color	:	Silver
Finishing	:	Polished
Features	:	Corrosion Proof, Excellent Quality, Fine Finishing
Dimensions	:	10-100mm

OUR PRODUCTS

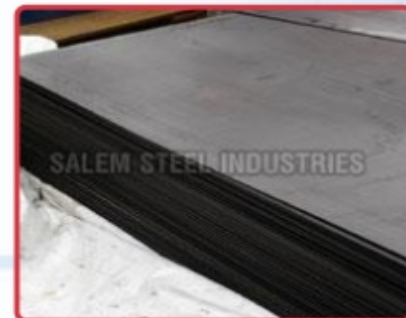

Stainless Steel Round Bar

Material	:	Stainless Steel
Shape	:	Round
Length	:	1-1000mm
Application	:	Industrial
Color	:	Silver
Finishing	:	Polished
Features	:	Corrosion Proof, Excellent Quality, Fine Finishing
Dimensions	:	10-100mm

Stainless Steel Square Bar

Material	:	Stainless Steel
Shape	:	Square
Thickness	:	1-100mm
Application	:	Industry
Color	:	Silver
Width	:	1-50mm
Technique	:	Forged

Stainless Steel Perforated Sheet

Material	:	Stainless Steel
Shape	:	Rectengular
Thickness	:	0-3mm
Color	:	Silver
Finishing	:	Polished
Features	:	Anti Dust, Anti Rust, Corrosion Resistant
Applications	:	Industrial

Stainless Steel Wire Mesh

Material	:	Stainless Steel
Application	:	Construction
Color	:	Silver
Features	:	Excellent Strength, Good Quality, High Griping
Wire Diameter	:	0.1-1 mm
Wire Gauge	:	1-10mm

Stainless Steel Bar (347H)

Material	:	Stainless Steel
Shape	:	Rectangular
Length	:	1-1000mm
Application	:	Industry
Color	:	Silver
Technique	:	Forged
Special Use	:	Cold Heading Steel, Free Cutting Steel

OUR PRODUCTS

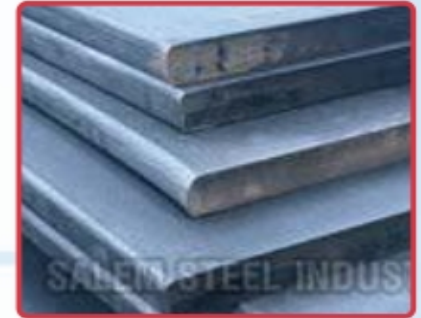

Stainless Steel 904L Pipes

Shape	:	Round
Thickness	:	0.5-1mm
Application	:	Industrial Use
Color	:	Silver
Finishing	:	Printed
Dimension	:	0-15mm
Features	:	Anti Corrosive, Durable, High Quality

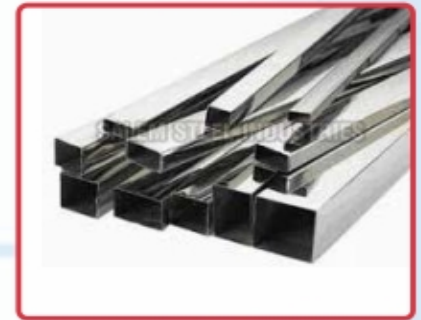

Stainless Steel Sheet (347H)

Material	:	Stainless Steel
Shape	:	Rectengular
Thickness	:	3-5mm
Length	:	3-4ft
Color	:	Silver
Finishing	:	Polished
Features	:	Anti Rust, Corrosion Proof, Durable, Durable Coating

Structural Steel Tubes

Material	:	Steel
Shape	:	Rectangular
Application	:	Construction
Finishing	:	Polished
Dimension	:	10-100mm
Features	:	Corrosion Proof, Excellent Quality, Fine Finishing

Metal Chequered Plates

Material	:	Metal
Shape	:	Square
Thickness	:	1-3mm
Application	:	Electric Welding, Gas Welding, Grounding System
Color	:	Silver
Width	:	1-100mm

Nickel Alloys Pipes & Tubes

Material	:	Nickel
Shape	:	Square
Length	:	1-1000mm
Application	:	Construction
Color	:	Silver
Finishing	:	Polished
Features	:	Corrosion Proof, Excellent Quality

OUR PRODUCTS

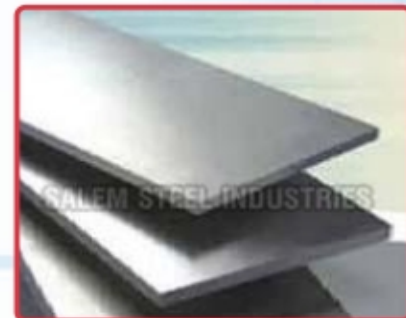

Electric Resistance Welded Pipes

Material	:	Mild Steel
Shape	:	Round
Application	:	Automobile Industry
Color	:	Silver
Finishing	:	Polished
Features	:	Durable, Fine Finishing, High Strength
Special Use	:	Cold Heading Steel, Free Cutting Steel

Alloy Steel Plates

Material	:	Metal
Thickness	:	1-5mm
Length	:	Multisizes
Application	:	Boiler Plate, Container Plate
Color	:	Grey
Surface Treatment	:	Coated

Carbon Steel Sheet

Shape	:	Square
Thickness	:	0.18mm-0.25mm
Length	:	4.5ft
Application	:	Industry
Color	:	Silver
Technics	:	Cold Drawn

Industrial Flanges

Material	:	Metal
Diameter	:	0-10mm
Shape	:	Round
Thickness	:	0-5mm
Application	:	Automobiles Use
Color	:	Silver
Features	:	Accuracy Durable, Auto Reverse, Corrosion Resistance

Brass Sheet

Material	:	Brass
Shape	:	Rectangular
Application	:	Constructional Industry
Color	:	Golden
Finishing	:	Coated
Features	:	Corrosion Resistant, Durable, Fine Finish

OUR PRODUCTS

Industrial Fasteners

Material	:	Metal
Diameter	:	0-10mm
Shape	:	Rectangular
Application	:	Automobiles
Color	:	Metallic
Surface Finishing	:	Polished
Features	:	Accuracy Durable, Auto Reverse, Corrosion Resistance

Mild Steel Plates

Material	:	Stainless Steel
Thickness	:	1-5mm
Application	:	Container Plate
Color	:	Grey
Surface Treatment	:	Coated
Technique	:	Forged

Stainless Steel Dairy Fittings

Size	:	3Inch
Material	:	Stainless Steel
Shape	:	Elbow, T Shape, U Shape
Thickness	:	10-15mm
Application	:	Dairy Fittings
Feature	:	Corrosion Proof, Excellent Quality, Fine Finishing
Technics	:	Forging
Form	:	Bolts, Elbow

Stainless Steel Pipe Fittings

Material	:	Stainless Steel
Shape	:	Elbow, T Shape, U Shape
Thickness	:	10-15mm
Application	:	Industrial
Feature	:	Corrosion Proof, Excellent Quality, Fine Finishing
Technics	:	Forging

17-Ph Round Bar

Material	:	Stainless Steel
Shape	:	Round
Length	:	1-1000mm
Application	:	Industrial
Color	:	Silver
Finishing	:	Polished
Features	:	Corrosion Proof, Excellent Quality, Fine Finishing
Dimensions	:	10-100mm
