LUBRICANTS | GREASES |
SPECIALTIES | TRANSFORMER OIL

AUTHORISED DISTRIBUTORS: PERFORMANCE, RELIABILITY, EFFICIENCY

MAK[®]
LUBRICANTS

MAK Lubricants – from Bharat Petroleum (BPCL) – reign eminently as a trusted brand in lubricants and greases in India and international markets. The comprehensive range offers an extensive selection of 400+ grades spanning various segments – to cater to varied and constantly evolving requirements of the automotive segment as well as the industrial domain.

Every product we've produced, partnership we've built and commitment we've stood by has been done with you, our customers, in mind. Our purpose is to drive transformation and solutions through our unique heritage and values, going the extra mile to ensure that your pride and trust in Gulf never wavers. You are our priority and that is something that will never change.

बामर लॉरी एण्ड कं. लिमिटेड
Balmer Lawrie & Co. Ltd.

Balmer Lawrie is a market leader in Steel Barrels, Industrial Greases & Specialty Lubricants, Corporate Travel and Logistics Services. It also has significant presence in most other businesses, it operates, viz, Chemicals, Logistics Infrastructure etc. In its entire years of existence, Balmer Lawrie has been successfully responding to the demands of an ever changing environment as an opportunity to innovate and emerge a leader in industry.

HPCL owns & operates 2 major refineries producing a wide variety of petroleum fuels & specialties, one in Mumbai (West Coast) of 7.5 Million Metric Tonnes Per Annum (MMTPA) capacity and the other in Visakhapatnam, (East Coast) with a capacity of 8.3 MMTPA. HPCL also owns and operates the largest Lube Refinery in the country producing Lube Base Oils of international standards, with a capacity of 428 TMT.

B BRENNTAG

Brenntag Lubricants is the market leader in the distribution of finished lubricating oil products. We package and distribute fuel additives, lubricant additives, base oils, and specialty chemicals. We also offer a range of lubricant related services including oil condition monitoring, oil trials, surveys, and training. This means you can concentrate on what you do best, while we take care of your lubrication needs.

MISSION OF INTERSTATE SUPPLY COMPANY

ISCO is not driven by profiteering. We are customer oriented. We are guided by the idea that to stay ahead we have to win the trust of our customers and to retain each forever. We aim to double our customer base by each year and strike hardest to achieve it.

Interstate Supply Company is backed by a team of skilled and experienced professionals. Our name stands for high tech level of know how, genuine quality at an excellent price. There are numbers of approvals from both government and non-government organizations. Placed in Central Kolkata with a good inventory base we have been able to reduce the lead time of delivery to less than twenty-four hours of your valued order.

KEY BENEFITS OF CHOOSING ISCO

- 🕒 100% Genuine Products
- 🕒 Decreased Down Time
- 🕒 Improved Logistics
- 🕒 Quick Delivery Time

SECTORS AND AREAS COVERED

PAPER	CEMENT	CHEMICALS
IRON AND STEEL	POWER	MINING
FOOD	MARINE	INFRASTRUCTURE
GENERAL MACHINING	AGRICULTURE	TEXTILE
SUGAR	AUTO ANCILLARY	PLYWOOD

PRODUCT LIST: A DETAILED VIEW OF OUR PRODUCTS

INDUSTRIAL LUBRICANTS

Industrial lubricants play a crucial role in ensuring the smooth operation of machinery and equipment in various industries. They are specially formulated fluids or greases used to reduce friction, wear, and overheating between mechanical parts that are in contact with each other. Here's a comprehensive overview of industrial lubricants:

BEARING AND CIRCULATING OILS

COMPRESSOR OIL (REFRIGERATION OIL)

ENGINE OIL

MACHINERY & TOOLWAY OIL

TURBINE OIL

- CHAIN OIL
- STEEL MILL OIL
- CYLINDER OIL
- SUGAR MILL OIL

TRANSFORMER OIL

METAL WORKING FLUID

- KNITTING OIL
- SLIDWAY OIL
- SPINDLE OIL
- TEXTILE OIL
- WIRE ROPE LUBE

RUST PREVENTIVE OIL

HYDRAULIC OIL

PROCESS OILS

- EDM OIL
- HONING OIL
- CUTTING OIL
- DRAWING OIL

HEAT TREATMENT OIL (QUENCHING OIL)

TRANSMISSION OIL

HEAT TRANSFER OIL (THERMIC FLUID)

- LIQUID PARAFFIN OIL
- RUBBER PROCESS OIL
- BASE OIL

GEAR OILS

SPECIALTIES

Specialty lubricants are advanced oils and greases designed for specific applications and harsh conditions. They offer tailored properties like high temperature resistance and corrosion protection. Used in industries like automotive, aerospace, and food processing, they extend equipment life and improve performance.

PRODUCT LIST: A DETAILED VIEW OF OUR PRODUCTS

AUTOMOTIVE LUBRICANTS

ENGINE OIL

Automotive engine oil lubricates, cools, cleans, and protects engine parts. Types include conventional, synthetic, and semi-synthetic. It enhances performance, extends engine life, and improves fuel efficiency.

TRANSMISSION OIL

Automotive transmission oil lubricates and protects transmission parts, ensuring smooth gear shifts and extending transmission life. It includes automatic transmission fluid (ATF) and manual transmission oil.

GEAR OIL

Automotive gear oil lubricates and protects transmission and differential gears. It reduces friction, ensures smooth operation, and extends gear life.

AGRICULTURE OIL

Agriculture oil lubricates and protects farm machinery, including engines, hydraulics, and transmissions. It enhances performance, reduces wear, and extends equipment life.

BRAKE FLUID

Brake fluid is a hydraulic fluid used in vehicle brake systems. It transfers force from the brake pedal to engage the brakes. Different types exist, each with specific properties and boiling points.

COOLANT

Coolant plays a crucial role in machining and metalworking operations by providing lubrication, cooling, and debris removal to achieve smooth and precise machining results.

GREASES

Greases are semi-solid lubricants composed of a base oil, thickener, and additives. They are used to lubricate moving parts in machinery, providing protection against friction, wear, and corrosion. Greases adhere to surfaces, forming a protective film that remains in place even under high loads and temperatures. They come in various formulations for specific applications, such as automotive, industrial, and marine. Greases are applied by hand or via grease guns and are essential for maintaining equipment performance and longevity.

COPPER GREASE

POLYUREA GREASE

SLIP SEAL GREASE

EXTREME PRESSURE GREASE

GENERAL PURPOSE GREASE

COPPER GREASE

MOLY GREASE

GEL GREASE

GRAPHITE GREASE

SHUTTERING GREASE

WHEEL BEARING GREASE

WATER RESISTANCE

FOOD GRADE GREASE

GIRTH GEAR GREASE
