Universal Exports is a trustworthy name in the market of Goa. Since the last four years, we are indulged in exporting and supplying superior quality metal scrap. Our list of metal scraps includes aluminium scrap, copper wire scrap and HMS scrap. and we also accept orders of factories to be demolished. All the products that we offer are checked on several quality parameters by our experts in order to assure their high quality before dispatching them for the final delivery. These metal scraps are available in different sizes and specifications. Clients can place their orders now and rest assured for the timely delivery as well.

Universal Exports is a Bardez (Goa, India) based company, which is operating in the industry since 2016. Under the expert guidance of selected professionals, the company has been able to provide high-class products to the clients on time. The metal scraps that we offer are used extensively in the construction industry for projects as varied as roads and bridges. In addition to this, these metal scraps can also be used for manufacturing automobiles, aircraft, and other kinds of travel

Vendors

We lay special emphasis on selecting the best vendors in the market from where we can procure our products. And we select these vendors after checking the quality of the products and whether they can deliver these products in bulk quantities as well.

Major Markets

Our metal scraps are widely purchased by various construction industries in Goa and other states of India. In addition to this, several clients in international markets also approach us to purchase our products as well.
