About Us

VSR Agro Products is the first name that rings a bell in the minds of all the pickle lovers. We are a reckoned manufacturer, exporter, and supplier of the tastiest and the most flavorful pickles and brine. We bring together amazing spices and ingredients to make finger-licking pickles in different flavors like Avakaya pickles, tomato pickles, citron pickles, mix pickles, gongura pickles, lemon pickles, mango pickles, red chilli pickles, and mango thokku pickles. In addition to these pickles, we are also making pickle brine of carrot chilli, citron, mango, green chilli, lemon, red chilli, etc. You can approach us to get the best-tasting pickles with the right mix of spices at a reasonable market price.

VSR Agro Products is one of the major names that is established by Mr. M. C. Vijayan, Mr. M. C. Chennakesavan & Mr. C. Somasundaram in the year 2014. We offer a wide range of pickles at a cost effective price. Our unit is located in Krishnagiri (Tamil Nadu, India) from where we make the best pickles and supply them to different Indian cities and even abroad. We have another firm with the name VSR Food Products which is a mother concern company of VSR Agro Products.

Our Infrastructure

Our infrastructure is equipped with imported and local machinery. We have two factories where most of the manufacturing of our coveted pickles take place. The pickle fermentation lab at our manufacturing unit is equipped with all the required technologies to keep the pickles in the optimal condition for fermentation. Our R&D facility enables us to keep testing new ingredients and techniques for improving our pickles quality. Our production unit is very spacious and we are able to produce around ten thousand tons of pickles in a year.
