

Pugalia Enterprise

*Manufacturer &
Supplier*

Sodium Thiosulfate

*Year of
Establishment
2004*

 **08048402809**

Established in 2004 in Gujarat, India, Pugalia Enterprise is a reputed Manufacturer and Supplier of high-quality industrial chemicals, salts, and water treatment solutions. With years of industry expertise, the company is committed to delivering reliable products that meet diverse industrial requirements while maintaining stringent quality standards.

Our extensive product portfolio includes Sodium Sulphate, Potassium Chloride, Calcium Chloride, Magnesium Chloride, Potassium Sulphate Powder, Sodium Lauryl Sulphate Powder, Water Treatment & Dechlorination Chemicals, Water Treatment & Purification Chemicals, and Industrial Alkalies & Process Chemicals. These products are widely used across water treatment, chemical processing, detergent manufacturing, agriculture, textile, and various industrial sectors.

Driven by customer satisfaction, competitive pricing, and timely delivery, Pugalia Enterprise has earned the trust of clients across the market. We continuously strive to provide superior quality products and dependable services, ensuring long-term business relationships and sustainable growth.

Our Vision

To be recognized as a leading and reliable chemical manufacturer and supplier in India and globally, known for our quality, integrity, and commitment to excellence.

Our Mission

To deliver high-quality chemical products that meet the evolving needs of our clients while maintaining a focus on sustainability, innovation, and customer satisfaction.

Why Us?

- We have earned a strong reputation in the industry due to:
- High-quality products with consistent performance
- State-of-the-art manufacturing facility
- Timely delivery and professional service
- Customer-focused approach
- Transparent business practices
- Competitive pricing

250g Lauryl Sodium Sulphate Powder

Business Type	Manufacturer, Supplier
