The company has defined new heights of success under commendable managerial skills of visionaries of our company Shri Rajaram Malpani (CEO) & Shri Ramesh Periwal (Managing Director).

RESEARCH & DEVELOPMENT :

We have in-house R&D facilities owing to which we constantly strive in for excellence. Further, our R&D mechanism assists us to monitor, evaluate and implement major research findings to increase scope of innovation in our product line. Our integrated R&D system enable us to strengthen our work culture which counterparts us from our existing competitors.

REGULATORY CONSIDERATIONS :

We have access to latest testing facilities maintained in compliance with recognized standards of international jute industry. Furthermore, we procure quality raw components from some of the certified vendors in industry after examining their performance history, quality control system and delivery standards. With a pursuance to maintain the highest integrity grades, we ensure strength, construction, finishing, durability and other quality aspects of products before final delivery at buyers end.

ORGANIZATION & MANAGEMENT :

Our organization reflects ethical business propositions and professional work culture we have retained since our inception. We have appointed team of experienced professionals efficiently managing different departments of the company. We also organize special workshops and training sessions to upgrade work methodologies our employees as per study conducted by R&D wing on upgrading occupational standards.
