About Us

Journey started in 2006 with 25000 spindle under the leadership of Mr. Ajay Satia, Chairman of the Company, who hold over three decades of rich industrial experience in paper, textile and power generation.

Today under the benevolent vision of Dr Ajay Satia and dynamic management of Mr. Dhruv Satia Managing Director of the company, T.C. Spinner has achieved several milestones and emerged as one of the leading & trusted yarn manufacturing company in India, producing 100% cotton yarn (carded, combed, compact & open end), 100% polyester yarn, Polyester/Cotton yarn count ranging from NE 10 to NE 60.

Company is also having Open end yarn and Sewing thread state of art manufacturing facility. Over the years number of modernization-cum-expansion schemes were undertaken and presently having the 82,000 spindle in operations.

The company rests its pride on the state-of-art infrastructure that is fully incorporated with the most urbane machinery required for the production of the sophisticated Cotton Yarn, Polyester Yarn and Spun Sewing Thread. The manufacturing plants are having in house testing labs equipped with world latest testing instruments.

The Plant is located on Chandigarh – Ambala Road at Lalru , Punjab and near the cotton growing belt of Northern India. The annual sales turnover of company is 4000 Million INR.

Vision :

To become a trusted global leader in textile manufacturing and to be a supplier of choice by adhering to the best quality, delivery and operations practices for ensuring customer satisfaction.

Mission :

To sustain growth with technological up-gradation and innovation on a continuous basis for achieving cost competitiveness with sustained profitability, excellence in quality and win customer satisfaction and loyalty.

Our Projects :

Project Completed

- 4 MW Solar Plant Setup in 2018
- Capacity Enhancement 2021 – Fully automated ring spinning (Unit 2) with capacity of 36000 Spindle.
- SAP S4 HANA Implementation in February 2022

Upcoming Project :

- Unit 3 : Another expansion of 22000 spindle is in pipeline.

Our Products

• 100 % Polyester Yarn

SPECIFICATIONS

Business Type	: Manufacturer, Exporter
Country of Origin	: India
Type	: Weaving Yarn
Material	: Polyester
Technolog	: Ring Spun
Count Range	: NE 10 – NE 40 (Single & Multifold)

• 100% Cotton Yarn

SPECIFICATIONS

Business Type	: Manufacturer, Exporter
Country of Origin	: India
Type	: Weaving Yarn
Material	: Cotton
Pattern	: Plain
Type of Product	: Carded, Combed, Compact Yarn
Tehnology	: Ring Spun, Compact, Open end, TFO
Packaging Type	: Carton, Hdpe Bags
Feature	: Eco-Friendly, Low Shrinkage, Shrink Resistance
Count Range	: NE 10 – NE60 (Single & Multifold)

Our Products

• Open End Cotton Yarn

SPECIFICATIONS

Business Type	: Manufacturer, Exporter
Country of Origin	: India
Type	: Open End Cotton Yarn
Material	: Cotton
Application	: Terry Towel and Denim
Packaging Type	: Corrugated Box, Hdpe Bags
Color	: Grey
Count Range	: NE 8 - NE 16

• Polyester/Cotton Yarn

SPECIFICATIONS

Business Type	: Manufacturer, Exporter
Country of Origin	: India
Type	: Carded, Combed And Compact
Material	: Polyester & Cotton as per blend
Technology	: Ring Spun, Compact, TFO
Count Range	: NE 20 - NE 40 (Single & Multifold)
Feature	: Anti-pilling, Eco-friendly, Good Evenness, Hgh Srength, High Tenacity, High Tenacity Low, Moisture-absorbent
Blends	: PC 20:80, 40:60, 52:48
