For the use of medical profession only.

Oil Free Treatment for Hair Problems.

Now a days problems related to hair & scalp like hair fall, premature graying of hair , dandruff etc. are on rise, the reasons behind this can be broadly classified as external & internal reasons. External reasons are exposure of hair to sunlight, dust, wind, high temperature, change in weather etc., Internal reasons are Stress , dietary habits, Pittadosha Prakruti (Type of persons having Acidity related problems), hereditary reasons etc.

Apart from this, in the survey conducted by our research team, it is found that various class of people, specially young ones are reluctant to use hair oils due to some disadvantages associated with it. Therefore, after long research we have developed Oil Free Treatment for Hair & Scalp Related Problems , that is Hairwin Lotion & Tablets, which are capable of treating both external & internal causes of hair & scalp disorders.

About Hairwin Lotion

Herbal lotion for problem free styled hair!

Hairwin lotion is an effective combination of 13 effective medicinal herbs, the usage of which is listed below:

1) Its antiseptic ingredients controls dandruff & other scalp

- 2)It deeply penetrates in to the scalp, improves blood circulation on the scalp and nourishes hair from roots, which promotes hair growth & helps to control hair fall &
- premature graying of hair.

 3)Due to astringent properties of herbs in hairwin, hair roots (hair follicles) get tightened, which helps to hold up Hair Shaft firmly & thus it helps to control hair fall.
- Hairwin repairs damaged hair, & makes them smooth, silky, easy to detangle & wonderfully manageable.
- 5) If applied before bed time it promotes sound sleep
- 6) If used regularly it nourishes & protects hair inside & out, makes them long & lustrous, thus hair looks healthy, shiny & full of body.

For patients suffering from problems of hair fall, premature graying of hair ,dandruff etc. Hairwin lotion should be applied twice daily for first month, i.e. in the morning after having a bath and before sleeping in the night. Thereafter it should be applied once in a day preferably in the morning after taking bath.

For others it can be applied once in a day, preferably in the morning after taking bath.

How to apply:

Take enough quantity of Hairwin Lotion (depending upon length of hair) on palm, apply it on hair roots with fingers & massage gently for 2-3 minutes.

Side Effects: Hairwin has no side effects & is safe for regular use.

About Hairwin Tablets

The inside story of healthy hair !

Health of the hair reflects overall health of the body. Therefore just treating hair & scalp related problems externally is not enough, for which simultaneous treatment

externally is not enough, for which simultaneous treatment of Hairwin tablets is highly recommended.

Hairwin tablet is a rational combination of herbs, known since ages for treating hair & scalp related problems. The usage of which is derived from 'Authentic Text Books of Ayurveda'* are listed as follows:
