ABOUT US

Shraddha Automation And Eng. Co. is a trusted and leading exporter, supplier, and trader specializing in a wide spectrum of advanced hydraulic solutions and industrial components. Established in 2005, our company has consistently delivered high-performance products that meet the evolving demands of diverse industries across global markets.

We offer an extensive portfolio including hydraulic valves, gear pumps, manifold blocks, power packs, pressure gauges, filtration systems, and essential accessories, all sourced and supplied with strict quality standards. Our products are widely appreciated for their durability, precision engineering, and reliable performance in critical industrial applications.

Under the dynamic leadership of Mr. Sulaiman J. Sandhi, we have built a strong reputation for customer satisfaction, timely delivery, and competitive pricing. With a dedicated team of 6–20 skilled professionals, we ensure seamless operations and personalized service for every client.

As a sole proprietorship firm, we focus on maintaining long-term business relationships by offering customized solutions and consistent product availability. Our commitment to quality and excellence has helped us achieve a solid presence in the global hydraulic equipment market.

We continue to grow by embracing innovation, maintaining transparency, and delivering value-driven solutions to our customers worldwide.
