

ELAK

INDIA'S LARGEST SELLING

ELAK Private Limited commenced production in the year 1968, under licence from a well known British manufacturer of Battery Chargers and Testers, as per their designs and specifications.

ABOUT US

ELAK Private Limited commenced production in the year 1968, under licence from a well known British manufacturer of Battery Chargers and Testers, as per their designs and specifications.

In the year 1980 we started manufacturing Automatic Battery Chargers using electronic control circuits imported from a UK manufacturer.

The range of Auto Electrical Test Benches was introduced in the year 2000 under the technical guidance of a British manufacturer and a Multi-national manufacturer of Alternators and Starter Motors.

We have a wide network of Dealers in all the major cities of India, majority of them have been marketing our products for more than 25 years. We have also been supplying our products to several reputed companies, under their brand, namely Bajaj, Bosch, Exide, Hero Honda, Tata Batteries, etc.

ELAK started exporting its products in the year 1972 to countries in Middle East & South East Asia. We now export to several countries worldwide, including developed markets.

Automotive Battery Testers

We have excelled in the business of manufacturing, exporting and supplying Automotive Battery Testers. Designed for excellent performance, these Automotive Battery Testers are available in different models and thus, are compatible with all kinds of automobiles. In addition to this, these quality-tested Automotive Battery Testers have digital screen for indicating the measurement. Owing to superior quality and reliable performance, these Automotive Battery Testers are high on demand not only in India but, in international markets as well. The clients can obtain these Automotive Battery Testers, at very reasonable prices in the markets.
