Manufacturing Facilities

We have state-of-the-art manufacturing unit outfitted with latest equipment and processing technologies owing to which we competently process immediate and bulk requirements of buyers. We make use of LPG for roasting of cubes in order to ensure uniformity, which is currently not available anywhere in India apart from Murlikrishna Foods Pvt. Ltd. Further, the manufacturing unit is installed with other basic amenities among which transportation is considered as a major advantage.

A Promise For Unmatched Quality

For manufacturing process, we use high-grade Chicory and its by products sourced from reliable vendors and distributors in industry. We are the most preferred name in industry when it comes contract farming of Chicory Products. Further we import roasters from significant regions of the globe and conduct stringent quality check process at our NABL accredited testing lab to ensure their conformity with internationally recognized standards.

Customer Satisfaction

Prioritizing customer satisfaction at every stage, we ensure that recommendations of clients are implemented to the best of their satisfaction. Our company works on the common goal to attain absolute customer delight attained through 100% uncompromised values, timely deliveries, standardized customer dealing propositions. With our dedicated work standards and values, we have earned respect and trust of our esteemed clients inspiring us to perform to the next level of excellence.
